Safety Instruction Guide for the Positional Rifle Sling

Introduction

Thank you for choosing the Positional Rifle Sling from Short Action Precision Inc. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your rifle sling. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the sling is used only for its intended purpose, which is to support and stabilize your rifle during shooting.
- Always check the sling for any signs of wear or damage before use. Do not use if damaged.
- Store the sling in a cool, dry place away from direct sunlight to maintain its integrity.
- Keep the sling out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded when attaching or detaching the sling.
- Use the noose cuff only as designed. Ensure it is securely fastened around your arm before use to avoid accidental release.
- Do not overtighten the noose cuff, as this can restrict blood flow and cause discomfort.
- When adjusting the front strap, ensure that it is done smoothly and without sudden jerks to prevent injury.
- Be aware of your surroundings and ensure that no one is in the line of fire when using the sling.
- If you experience any discomfort while using the sling, remove it immediately and assess the situation.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring your rifle is unloaded.
- Attach the sling to the designated sling mounts on your rifle, ensuring a secure fit.
- Adjust the length of the sling to suit your shooting position by using the quick adjust front strap.

2. Usage:

- Once the sling is properly attached, place your arm through the noose cuff.
- Adjust the cuff for a snug fit without overtightening.
- Assume your shooting position (kneeling or seated) and use the sling to stabilize your rifle.
- When finished, release the cuff using the quick escape buckle for a swift exit.

Disposal Instructions

- When the sling has reached the end of its useful life or is no longer safe to use, dispose of it responsibly.
- Check local regulations for proper disposal methods for nylon products.
- Do not dispose of the sling in a manner that could pose a risk to the environment or wildlife.

Contact Information for Further Support

For any questions or concerns regarding the Positional Rifle Sling, please refer to the manufacturer's website or customer support channels for assistance.

Thank you for prioritizing safety while using your Positional Rifle Sling. By following these guidelines, you contribute to a safer shooting environment for yourself and others.
