

SHOOTER INSTALLED MAGWELL FOR 1911 - STAN CHEN CUSTOMS SI MAGWELL FOR 1911 GM, 25 LPI, BLUED

[Handgun Parts](#) > [Frame Parts](#) > [Magazine Wells](#)

An Easy Way to Improve Your 1911 Reload Speeds

Anyone who's ever tried to speed-reload a mil-spec 1911 knows that trying to get that magazine into that single-stack magwell can be a challenge. This Stan Chen Shooter Installed Magwell is designed for easy attachment onto any standard 1911 pistol, allowing them to dramatically improve their reload speeds. Each Stan Chen 1911 Magwell is available in 4140 chrome-moly steel or 416 stainless steel options and is designed to fit all standard, USGI 1911 frames. The funnel design matches the beveled magazine well openings found on most of today's production 1911s. Those who own 1911s without any kind of magwell bevel may need to do some minor fitting to optimize performance. This one-piece Shooter Installed 1911 Magwell is also designed with smooth contours that eliminate any sharp edges, and all of Stan Chen's 1911 components are machined right here in the USA.

Safety Instruction Guide for SHOOTER INSTALLED MAGWELL FOR 1911

Introduction

Thank you for choosing the Shooter Installed Magwell for your 1911 pistol. This product is designed to enhance your reloading speed and overall shooting experience. However, it is essential to understand the safety guidelines and installation instructions to ensure safe usage.

General Safety Guidelines

- Ensure that the firearm is unloaded before installation or maintenance.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the magwell for wear and tear; do not use if damaged.
- Follow all manufacturer guidelines and local laws regarding the use of firearms and accessories.

Specific Safety Precautions for Use

- Be aware of your surroundings when using the firearm equipped with this magwell.
- Use only magazines that are compatible with the 1911 model to prevent malfunctions.
- Do not attempt to modify the magwell or the firearm beyond the manufacturer's specifications.
- If you experience any malfunctions while using the magwell, cease use immediately and consult a qualified gunsmith.
- Ensure that you wear appropriate eye and ear protection when shooting.

Instructions for Installation and Usage

Installation

1. **Unload the Firearm:** Ensure that the firearm is completely unloaded before starting the installation.
2. **Remove Existing Components:** If necessary, remove any existing magwell or components that may interfere with the installation.
3. **Attach the Magwell:**
 - Align the magwell with the magazine well of the 1911 frame.
 - Securely fasten the magwell using the provided screws. Ensure that it is tightly fitted to avoid movement during use.
4. **Check Fit:** Verify that the magwell is properly installed and that the magazine fits securely.
5. **Test Functionality:** Before using the firearm, perform a function check to ensure that the magwell operates correctly with your magazines.

Usage

- When reloading, ensure that you have a firm grip on the firearm and that your fingers are clear of the ejection port.
- Practice reloading with the magwell to familiarize yourself with the improved speed and functionality.
- Regularly check the installation for tightness and integrity before each use.

Disposal Instructions

- Dispose of the magwell responsibly according to local regulations.
- Do not discard in regular household waste; check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For safety inquiries or further assistance regarding the Shooter Installed Magwell, please consult the manufacturer's website or customer service resources.

Thank you for prioritizing safety while enjoying your shooting experience.
