

# AR-15 LOWER PARTS KIT NO FCG/ PISTOL GRIP/ TRIGGERGUARD - AERO PRECISION LOWER PARTS KIT W/NO FCG, PISTOL GRIP, TRIGGERGUARD FOR AR15

[Home](#)

## A Lower Parts Kit Perfect for Your Enhanced Trigger Build

Most mil-spec parts kits come with everything needed to finish a standard, mil-spec lower receiver, but let's be honest. How many of those parts do you actually use? Most AR builders are putting in their own trigger and adding a pistol grip from a furniture set of their choice, so why pay extra for what you won't use? This Aero Precision AR-15 Lower Parts Kit includes everything needed to finish a lower receiver except for the fire-control group, pistol grip or trigger guard. Here's what you'll get in this kit: Takedown/pivot Spring Takedown/pivot detent Takedown pin Pivot pin Bolt Catch Bolt Catch Spring Bolt Catch buffer Bolt catch roll pin Safety Selector Safety Selector spring Safety Selector detent 4-40 Set Screw (for threaded takedown pin detent hole) Buffer retainer Buffer retainer spring Magazine catch body Magazine catch spring Magazine catch button

# Safety Instructions Guide for AR15 Lower Parts Kit (No FCG, Pistol Grip, Trigger Guard)

## Introduction

Thank you for choosing the Aero Precision AR15 Lower Parts Kit. This kit includes essential components to finish your AR15 lower receiver, excluding the firecontrol group (FCG), pistol grip, and trigger guard. It is important to read and understand these safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that all components are compatible with your specific AR15 lower receiver.
- Always handle firearms and firearm components with care and respect.
- Store all firearm parts in a secure location away from children and unauthorized users.
- Inspect all parts for damage or defects before installation.
- Follow all local, state, and federal laws regarding firearms and firearm components.
- Do not modify any parts unless you are a qualified gunsmith.

## Specific Safety Precautions for Use

- Use protective eyewear when working with firearm parts to prevent injury from small parts or tools.
- Keep your workspace clean and organized to prevent loss of small components.
- Always work in a wellventilated area when using tools or adhesives.
- Ensure that the firearm is unloaded before beginning any installation or maintenance work.
- Avoid distractions while working to maintain focus and safety.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a punch set, screwdriver, and pliers.
- Ensure that you have a clean and organized workspace.

### 2. Installation Steps

#### ◦ Takedown and Pivot Pins

- Insert the takedown and pivot pins into the designated holes on the lower receiver.
- Use the takedown/pivot detent and spring to secure the pins in place.

#### ◦ Bolt Catch

- Install the bolt catch by placing it in the appropriate slot.
- Secure it with the bolt catch roll pin and ensure it operates smoothly.

#### ◦ Safety Selector

- Insert the safety selector into the lower receiver.
- Attach the safety selector spring and detent to ensure proper function.

#### ◦ Magazine Catch

- Insert the magazine catch body into the magazine well.

- Secure it with the magazine catch spring and button.

### **3. Final Checks**

- Ensure all parts are securely installed and functioning correctly.
- Check that the safety selector operates smoothly and that the bolt catch is functional.

## **Disposal Instructions**

- Dispose of any damaged or unused parts in accordance with local regulations.
- Do not discard parts in regular household waste; check for local recycling or hazardous waste disposal options.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety, installation, or product information, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your Aero Precision AR15 Lower Parts Kit. Always prioritize safety and compliance with applicable laws when handling firearm components.
