Strike Industries brings another dimension of innovation to the most popular shotgun platforms. Pairing premium material construction with our distinguished styling, the VOA Series is the first line of full aluminum foregrips ever made for Mossberg / Remington. Forged by an intensive extrusion mold process and precision CNC milling the VOA Series Handguard for Mossberg 500 is an essential upgrade to your shotgun build. The advanced ergonomic design is highlighted by the detailed finish of the hard anodized 6061 Aluminum. The semi-matte finish and contoured cuts allow for a finer grip. Complete with front and rear hand stops that maximize your grip for the best pump action feeling. And with the tactical placement of the MLOK openings, the option for multiple configurations for general use or operations are endless.
