

# AR-15 NYLON TIPPED RECEIVER TENSION SET SCREW - AERO PRECISION NYLON TIP RECEIVER TENSION SET SCREW 1/4-28 X 1/2 FOR AR-15

[Rifle Parts](#) > [Receiver Parts](#) > [Receiver Hardware](#) > [Receiver Pins](#)

This Nylon Tipped Tension Set Screw allows users to fine tune the fit of their upper with Aero Precision's Gen 2 Lower Receivers. Achieve a tight fit with any standard AR-15 upper receiver by inserting the screw into the grip tang of Aero Precision's Gen 2 Lower Receiver and tightening against the upper receiver until there is no wobble between the 2 parts. NOTE: This is a replacement tension screw. All of Aero Precision's Gen 2 AR15 and M5 Lower Receivers come with this screw pre-installed.

# AR15 Nylon Tipped Receiver Tension Set Screw Safety Instructions

## Introduction

Thank you for purchasing the AR15 Nylon Tipped Receiver Tension Set Screw by Aero Precision. This product is designed to help you achieve a secure fit between your AR15 upper and lower receivers. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before performing any installation or maintenance.
- Keep the product out of reach of children and other unauthorized users.
- Regularly inspect the product for wear or damage before each use.
- If you notice any defects or irregularities in the product, discontinue use immediately.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the tension set screw is compatible with your specific model of Aero Precision Gen 2 Lower Receiver.
- Do not overtighten the screw, as this may damage the receiver or affect functionality.
- Always use the appropriate tools to install and adjust the tension set screw.
- Avoid using the product in conditions that may lead to corrosion or degradation.
- Follow all local laws and regulations regarding firearm modifications.

## Instructions for Installation and Usage

1. **Unloading Firearm:** Ensure that your firearm is completely unloaded before beginning the installation process.
2. **Identifying Components:** Locate the grip tang on your Aero Precision Gen 2 Lower Receiver where the tension set screw will be inserted.
3. **Inserting the Screw:**
  - Take the Nylon Tipped Tension Set Screw.
  - Insert the screw into the grip tang of the lower receiver.
4. **Tightening the Screw:**
  - Use the appropriate tool to tighten the screw against the upper receiver.
  - Ensure that you tighten it just enough to eliminate any wobble between the upper and lower receivers. Avoid excessive force.
5. **Final Check:** After installation, check for any movement between the upper and lower receivers. If there is still wobble, readjust the tension set screw as necessary.
6. **Regular Maintenance:** Periodically check the tension of the screw and inspect for any signs of wear or damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for nonhazardous materials.
- If the product is damaged or no longer needed, ensure it is disposed of in a safe manner to prevent any potential hazards.

## **Contact Information for Further Support**

For any inquiries regarding the product or safety concerns, please reach out to the designated EU contact point provided by the manufacturer.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your compliance with these guidelines. Enjoy your product responsibly!
