# AR15 M4E1 Field Repair Kit Safety Instructions

## Introduction

Thank you for choosing the AR15 M4E1 Field Repair Kit. This kit is designed to provide essential components that may be needed for the maintenance and repair of your AR15/M4E1 rifle. Proper use and handling of this kit is crucial for your safety and the functionality of your firearm. Please read this safety instruction guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the Field Repair Kit in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the components of the Field Repair Kit for any signs of wear or damage.
- Use only parts that are specified for your AR15/M4E1 model to avoid compatibility issues.
- Follow all local laws and regulations regarding firearm maintenance and repairs.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before attempting any repairs or maintenance.
- Wear appropriate safety gear, such as safety glasses, when working with your firearm.
- Be cautious of small parts in the kit, as they can pose choking hazards, especially to children.
- If you are unsure about any repairs, consult a qualified gunsmith or a professional for assistance.
- Avoid using excessive force when installing or removing components to prevent damage to the firearm or the parts.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and free of distractions.
- Gather all necessary tools and components from the Field Repair Kit.

### 2. Using the Components:

- **Takedown Pin Detents and Springs:**
  - Remove the old detent and spring from the takedown pin hole.
  - Insert the new detent and spring from the kit, ensuring they are seated properly.
- **Roll Pins:**
  - Align the roll pin with the hole and gently tap it into place using a punch and hammer.
- **Bolt Catch:**
  - Remove the old bolt catch components.
  - Follow the same method to install the new bolt catch spring, buffer, and roll pin.
- **Trigger Components:**
  - Carefully remove the existing trigger and hammer pins.
  - Install the new trigger/hammer pins and ensure they are secure.
- **Safety Selector:**
  - Replace the safety selector spring and detent as needed for proper function.

### 3. Final Checks:

- Once all components are replaced, reassemble your rifle.

- Perform a function check to ensure everything operates smoothly.
- Store any unused components safely back in the kit.

## **Disposal Instructions**

- Dispose of any damaged or worn parts in accordance with local regulations.
- Do not dispose of components in regular household waste. Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**
