# AR15/.308 OOOPS KIT AERO PRECISION AR15/M5 FIXIT KIT Safety Instructions

## Introduction

Thank you for choosing the AR15/.308 OOOPS KIT from Aero Precision. This kit is designed to help you replace commonly lost parts during your build, ensuring a smooth and successful assembly process. It is essential to follow safety guidelines to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand these instructions before using the product.
- Ensure that the work area is clean, welllit, and free of distractions.
- Keep all components and tools out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling small parts.
- Regularly check for wear and tear on the components to prevent accidents.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that all parts are compatible with your firearm model before installation.
- Handle small parts such as springs and detents carefully to avoid launching them across the workspace.
- Use the correct tools as specified in the installation instructions to avoid damage or injury.
- Be cautious of sharp edges on components during handling and installation.
- If you are unsure about any part of the installation process, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components from the Ooops Kit.
- Ensure that your workspace is organized and free of clutter.

### 2. Installation Steps

#### ◦ Takedown Pin Detent and Spring

- Locate the takedown pin detent hole on your lower receiver.
- Insert the takedown pin detent spring into the hole, followed by the detent.

#### ◦ Bolt Catch Roll Pin

- Align the bolt catch roll pin with the bolt catch and gently tap it into place using a punch tool.

#### ◦ Trigger/Hammer Pin

- Insert the trigger and hammer pins through their respective holes in the lower receiver.

#### ◦ Safety Selector Spring and Detent

- Place the safety selector spring into its designated hole, followed by the safety selector

detent.

- **Buffer Retainer and Spring**

- Insert the buffer retainer into the buffer tube, followed by the buffer retainer spring.

- **Disconnecter Spring**

- Install the disconnecter spring into the trigger assembly.

- **440 Set Screw**

- Use the 440 set screw for the threaded takedown pin detent hole if applicable.

### **3. Final Checks**

- Ensure all parts are securely installed and functioning correctly.
- Perform a safety check to confirm that the firearm is in a safe condition before use.

## **Disposal Instructions**

- Dispose of any unused or damaged parts in accordance with local regulations.
- Do not dispose of components in regular household waste. Check with local authorities for proper disposal methods.
- Ensure that any hazardous materials are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with your product packaging or on the official website.

By following these safety instructions, you can ensure a safe and compliant experience while using the AR15/.308 OOPS KIT. Thank you for your attention to safety and for choosing Aero Precision.
