RUGER 10/22® TAKEDOWN CHASSIS BLACK

Safety Instruction Guide

Introduction

Thank you for choosing the RUGER 10/22® Takedown Chassis Black by Midwest Industries. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Always follow local laws and regulations regarding firearm accessories.
- Ensure the product is compatible with your specific model of Ruger 10/22 Takedown. This chassis is only compatible with new Ruger 10/22 Takedown models.
- Inspect the chassis and all components for any signs of damage before installation.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the firearm is unloaded and the safety is engaged before beginning installation.
- **Handling:** Always treat your firearm with respect and caution, assuming it is loaded even when you believe it is not.
- **Sling Sockets:** When using the antirotation QD sling sockets, ensure that the sling is securely attached to prevent accidental detachment.
- **Weight Consideration:** The chassis weighs 14 oz; be mindful of the overall weight of your firearm when carrying or using it.
- **Compatibility Check:** Verify that the chassis is installed correctly and is securely mounted to avoid any operational issues.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the following tools ready: a screwdriver and any other necessary tools for installation.
- Review the installation area to ensure it is clean and free from obstructions.

2. Installation Steps:

- Confirm that the firearm is unloaded and the safety is engaged.
- Remove the existing stock from the Ruger 10/22 Takedown according to the manufacturer's instructions.
- Align the chassis with the mounting points on the firearm.
- Use the provided mounting hardware to secure the chassis. Ensure all screws are tightened properly but do not overtighten.
- Attach the antirotation QD sling sockets as per the instructions provided with the chassis.
- Once installed, doublecheck to ensure everything is secure and aligned properly.

3. Usage:

- Use the chassis as intended for stabilizing and enhancing the functionality of your Ruger 10/22 Takedown.
- Regularly inspect the chassis and connections for wear and tear, especially after extensive use.

Disposal Instructions

- Dispose of the chassis in accordance with local regulations regarding electronic and metal waste.
- If you are unsure about disposal methods, contact your local waste management facility for guidance.

Contact Information for Further Support

For any inquiries or support regarding the RUGER 10/22 Takedown Chassis Black, please refer to the manufacturer's contact details provided in the packaging or on their official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your RUGER 10/22 Takedown Chassis Black. Thank you for your attention to safety and responsible usage.
