Midwest Industries Inc made hand guard for Ruger® 10/22 TakeDown® models. Only compatible with new Ruger® 10/22 TakeDown® models. Features Lightweight design with a slim profile True Free Float Design Mounting bolt and wrench included 8.0" or 13" overall length 1.290" Inside Diameter Two built in anti-rotation QD sockets Features 8 sides of M-Lok™ slots 5-slot polymer M-Lok™ rail included Weight 7.3oz (8") or 9.9oz (13") installed Construction from 6061 Aluminum, Type 3 Hard Coat Anodized for a lifetime of service Fully dehorned for a non-abrasive, comfortable feel MI Lifetime Warranty 100% Made in America - Keeps America Working US Patent Pending Tips from Midwest Industries: They have found during dozens of installations that there are variations in the Ruger® firearms. These variations will in no way effect the function or performance of the Ruger® 10/22 TakeDown®. Please remember this firearm is a takedown model so perfect alignment may not always be achieved. Midwest Industries has found for best alignment, start by aligning the MI handguard with the top edges of the factory plastic stock. This may take a few attempts and some patience but will produce a very satisfactory result. Some firearms will also show a left or right cant with the whole barrel assembly when locked into place. You can see this by looking from the rear of the firearm and using the top rail as a reference surface. Neither the function of our handguard or the firearms performance will be affected by these slight alignment variations of the factory manufactured firearms. On a final note if after installing the handguard on your firearms you still have any play please check that the tension adjustment ring is properly adjusted on your rifle. Additional information and photos can be found on the Midwest Industries website.

Safety Instruction Guide for RUGER 10/22® Takedown Handguards MLOK

Introduction

Thank you for choosing the RUGER 10/22® Takedown Handguards MLOK by Midwest Industries. This guide provides essential safety instructions, installation guidelines, and usage tips to ensure the safe and effective use of your handguard. Please read this document thoroughly before use.

General Safety Guidelines

- Ensure that the handguard is compatible with your Ruger® 10/22 TakeDown® model. This product is designed for new models only.
- Always handle firearms with care and follow all safety protocols associated with gun ownership.
- Keep the handguard and firearm out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage before and after each use.
- If you notice any irregularities during installation or usage, discontinue use and consult a qualified gunsmith.

Specific Safety Precautions for Use

• Installation Precautions:

- Before installation, ensure that the firearm is unloaded and the safety is engaged.
- Use the provided mounting bolt and wrench for secure installation.
- Avoid overtightening the mounting hardware to prevent damage to the handguard or firearm.

• Usage Precautions:

- Do not exceed the recommended weight limit on the handguard.
- Be aware of the handguard's alignment with the barrel assembly to avoid any canting issues.
- Use the handguard only as intended; do not modify or alter its design.

• Maintenance Precautions:

- Clean the handguard regularly to maintain its appearance and functionality.
- Store the handguard in a dry place to prevent corrosion.

Instructions for Installation and Usage

1. Preparation:

- Verify that your Ruger® 10/22 TakeDown® model is compatible with the handguard.
- Gather the necessary tools: the provided wrench and a clean workspace.

2. Installation Steps:

- Ensure the firearm is unloaded and the safety is engaged.
- Align the MI handguard with the top edges of the factory plastic stock.
- Insert the mounting bolt through the handguard and into the firearm's receiver.
- Use the provided wrench to tighten the bolt securely, ensuring not to overtighten.
- Check the alignment of the handguard with the barrel assembly from the rear view.

3. Usage Tips:

- Familiarize yourself with the handguard's features, including the MLoc™ slots and antirotation QD sockets.
- When attaching accessories, ensure they are compatible with MLoc™ specifications.

4. PostInstallation Check:

- After installation, check for any play in the handguard. If there is movement, adjust the tension adjustment ring on your rifle.
- Test the alignment and functionality before taking the firearm to the range.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the handguard is damaged or no longer in use, consider recycling it if possible. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RUGER 10/22® Takedown Handguards MLOK, please refer to the Midwest Industries website for additional resources and support.

By following these guidelines, you can ensure the safe and effective use of your RUGER 10/22® Takedown Handguards MLOK. Always prioritize safety and compliance with local laws and regulations. Thank you for your attention and enjoy your new handguard!
