Midwest Industries Inc made hand guard for Ruger® 10/22 TakeDown® models. Only compatible with new Ruger® 10/22 TakeDown® models. Features Lightweight design with a slim profile True Free Float Design Mounting bolt and wrench included 8.0" or 13" overall length 1.290" Inside Diameter Two built in anti-rotation QD sockets Features 8 sides of M-Lok™ slots 5-slot polymer M-Lok™ rail included Weight 7.3oz (8") or 9.9oz (13") installed Construction from 6061 Aluminum, Type 3 Hard Coat Anodized for a lifetime of service Fully dehorned for a non-abrasive, comfortable feel MI Lifetime Warranty 100% Made in America - Keeps America Working US Patent Pending Tips from Midwest Industries: They have found during dozens of installations that there are variations in the Ruger® firearms. These variations will in no way effect the function or performance of the Ruger® 10/22 TakeDown®. Please remember this firearm is a takedown model so perfect alignment may not always be achieved. Midwest Industries has found for best alignment, start by aligning the MI handguard with the top edges of the factory plastic stock. This may take a few attempts and some patience but will produce a very satisfactory result. Some firearms will also show a left or right cant with the whole barrel assembly when locked into place. You can see this by looking from the rear of the firearm and using the top rail as a reference surface. Neither the function of our handguard or the firearms performance will be affected by these slight alignment variations of the factory manufactured firearms. On a final note if after installing the handguard on your firearms you still have any play please check that the tension adjustment ring is properly adjusted on your rifle. Additional information and photos can be found on the Midwest Industries website.

RUGER 10/22® Takedown Handguards MLOK

Safety Instruction Guide

Introduction

Thank you for choosing the RUGER 10/22® Takedown Handguards MLOK manufactured by Midwest Industries. This product is designed to enhance your shooting experience while ensuring safety and performance. Please read this safety instruction guide thoroughly before using the product to ensure safe and effective usage.

General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Ensure that you are in a safe environment when handling your firearm and accessories.
- Keep the handguard and firearm out of reach of children and unauthorized users.
- Inspect the handguard and firearm regularly for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm usage and modifications.
- If you experience any malfunction or if the product appears damaged, discontinue use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Ensure proper alignment of the handguard with the firearm to avoid any misalignment issues.
- Always check that the tension adjustment ring is properly adjusted to prevent any play in the installation.
- Be aware of the potential for slight alignment variations due to manufacturing tolerances in Ruger® firearms.
- When installing or adjusting the handguard, do so in a controlled environment away from distractions.
- Use the included mounting bolt and wrench as specified in the installation instructions to ensure secure attachment.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools, including the provided mounting bolt and wrench.

2. Installation:

- Align the MI handguard with the top edges of the factory plastic stock.
- Insert the mounting bolt through the handguard and into the firearm.
- Tighten the bolt using the provided wrench until secure, but do not overtighten.
- Check for proper alignment and ensure there is no play in the installation.

3. Usage:

- Once installed, familiarize yourself with the handguard and its features.
- Ensure that all accessories attached to the MLOK slots are securely fastened.
- Regularly inspect the handguard during usage for any signs of wear or loosening.

Disposal Instructions

- When disposing of the handguard, follow local regulations regarding the disposal of aluminum and plastic materials.

- Do not dispose of the handguard in regular household waste if it is damaged or contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or additional information regarding the RUGER 10/22® Takedown Handguards MLOK, please consult the Midwest Industries website or contact their customer support for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safety of others are paramount when handling firearms and accessories. Always prioritize safe practices and remain informed about your products.
