

THREAT DOWN BLEEDING TARGETS - TRIUMPH SYSTEMS THREAT DOWN BLEEDING ZOMBIE TARGET

[Shooting Accessories](#) > [Targets & Accessories](#) > [Other Targets](#)

The Triumph Systems Threat Down targets provide instant feedback, leaving no doubt as to where your rounds have impacted. The vital organs are made of environmentally safe, highly visible gel. This 100+ round target was developed for most calibers. It is a great training tool for shooters of all skill levels, from beginners to the advanced level shooter. Developed with a Navy SEAL, the targets are ideal for defensive training, but are also great for a fun day on the range. Each organ is represented by a different color, providing easy-to-identify round placement. The water-soluble gel will not stain clothing. Additional grid targets are located in the corners to maximize use of this fully reactive target. Recommended for outdoor use.

Triumph Systems Threat Down Bleeding Targets

Safety Instruction Guide

Introduction

Thank you for choosing the Triumph Systems Threat Down Bleeding Targets. These targets are designed to provide instant feedback during training sessions, helping shooters of all skill levels improve their accuracy and skills. This guide outlines important safety information and instructions for the proper use of the targets, ensuring a safe and enjoyable experience.

General Safety Guidelines

- Always handle firearms safely and responsibly.
- Ensure that all participants are aware of the shooting range rules and safety protocols.
- Use the targets only in designated outdoor shooting areas.
- Keep the shooting area clear of unauthorized personnel, especially children.
- Inspect the target before each use for any signs of damage or wear.
- Do not use the targets if they show signs of deterioration.
- Follow all local laws and regulations regarding the use of firearms and shooting targets.

Specific Safety Precautions for Use

- The targets are made from environmentally safe materials; however, avoid direct contact with the gel to prevent skin irritation.
- Wear appropriate protective gear, including eye and ear protection, while shooting.
- Ensure that the shooting range is adequately secured and that a proper backstop is in place.
- Do not shoot at the targets from a distance closer than the recommended minimum distance, which is 10 yards (9 meters).
- Be aware of your surroundings and ensure that no one is in the line of fire before taking a shot.
- If using the targets in a group setting, maintain a safe distance from other shooters.

Instructions for Installation and Usage

1. Setup:

- Choose a flat and stable surface for target placement.
- Ensure the target is securely affixed to prevent it from falling over during use.
- The targets can be mounted on stands or hung from appropriate supports.

2. Target Usage:

- Aim at the designated vital organs on the target, which are clearly marked with different colors for easy identification.
- After shooting, observe the gel for immediate feedback on shot placement.
- The gel will not stain clothing but may be messy; consider wearing old clothes during use.

3. PostUse:

- After completing your shooting session, inspect the target for damage.
- Dispose of any damaged or used targets according to local waste disposal regulations.

Disposal Instructions

- Dispose of the targets in accordance with local regulations regarding waste disposal.
- The watersoluble gel is environmentally safe; however, ensure that any remnants are disposed of properly to avoid littering.
- Do not dispose of targets in a manner that could pose a risk to the environment or wildlife.

Contact Information for Further Support

For any inquiries or concerns regarding the Triumph Systems Threat Down Bleeding Targets, please refer to the product packaging for the appropriate contact information. It is important to reach out to the manufacturer for any issues or safety concerns.

Conclusion

By following these safety instructions, you can ensure a safe and effective training experience with the Triumph Systems Threat Down Bleeding Targets. Always prioritize safety and responsibility when handling firearms and using shooting targets. Thank you for your commitment to safe shooting practices.
