

THREAT DOWN BLEEDING TARGETS - TRIUMPH SYSTEMS THREAT DOWN BLEEDING BOMBER TARGET

[Shooting Accessories](#) > [Targets & Accessories](#) > [Other Targets](#)

The Triumph Systems Threat Down targets provide instant feedback, leaving no doubt as to where your rounds have impacted. The vital organs are made of environmentally safe, highly visible gel. This 100+ round target was developed for most calibers. It is a great training tool for shooters of all skill levels, from beginners to the advanced level shooter. Developed with a Navy SEAL, the targets are ideal for defensive training, but are also great for a fun day on the range. Each organ is represented by a different color, providing easy-to-identify round placement. The water-soluble gel will not stain clothing. Additional grid targets are located in the corners to maximize use of this fully reactive target. Recommended for outdoor use.

Triumph Systems Threat Down Bleeding Targets Safety Instruction Guide

Introduction

Thank you for choosing the Triumph Systems Threat Down Bleeding Targets. This guide provides essential safety instructions to ensure your safe and effective use of the product. Please read the following information carefully before use.

General Safety Guidelines

- Ensure the product is used in a safe and controlled environment, preferably outdoors.
- Always use appropriate personal protective equipment (PPE), including eye protection and hearing protection.
- Keep the target away from children and unauthorized users.
- Regularly inspect the target for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding shooting and target practice.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- The gel used in the targets is environmentally safe but should not be ingested.
- Avoid shooting at the target from distances closer than recommended by the manufacturer.
- Ensure that the shooting area is clear of bystanders and obstacles.
- Be aware of your surroundings and ensure that the impact area is safe.
- Do not attempt to modify or alter the target in any way.

Instructions for Installation and Usage

1. Installation

- Choose a suitable location for the target, ensuring it is stable and secure.
- If applicable, use a target stand or similar support to hold the target in place.
- Ensure the target is positioned in a way that allows for safe shooting practices.

2. Usage

- Before shooting, check that the target is properly installed and stable.
- Use appropriate firearms and ammunition that are compatible with the target.
- Aim carefully and ensure that the shooting range is clear of any obstructions or people.
- After shooting, inspect the target to assess damage and round placement.

Disposal Instructions

- Dispose of the target materials in accordance with local regulations.
- The watersoluble gel can be cleaned up with water; however, ensure that it does not enter water systems.
- For any remaining materials, follow local waste disposal guidelines for nonhazardous materials.

Contact Information for Further Support

For any inquiries about the Triumph Systems Threat Down Bleeding Targets, please refer to the contact

information provided on the packaging or the manufacturer's website.

Thank you for prioritizing safety while using our product. Enjoy your training and practice responsibly!
