

# STABILIZER FOR AR PISTOL - STRIKE INDUSTRIES STABILIZING BRACE FOR AR PISTOL

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Hardware](#)

Introducing the Strike Industries AR Pistol Stabilizer. The Strike ARP offers a no-compromise, feature-packed stabilizer at an affordable price point. The entire stabilizer was designed to be ergonomic and comfortable along all planes. The overall design eliminates any snag hazards and abrasion zones resulting in a comfortable cheek-weld and stabilizing interface. Utilizing a large tapered set screw used to securely lock it in place at different positions, the pistol stabilizer can fit on pistol buffer tubes up to 1.25" in diameter, including Strike Industries' Slick-line of pistol buffer tubes. Additionally the stabilizer comes with built-in ambidextrous QD cups for expanded sling mounting options. The stabilizer accomplishes all this while being sleek, ultra-lightweight, and rock solid. Form and function through innovation at the right price? That's the Strike Industries w

## Attributes

# Safety Instruction Guide for the Strike Industries AR Pistol Stabilizer

## Introduction

Thank you for choosing the Strike Industries AR Pistol Stabilizer. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your stabilizer. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the stabilizer is compatible with your AR pistol and buffer tube specifications.
- Always inspect the stabilizer for any signs of damage or wear before each use.
- Store the stabilizer in a safe place, out of reach of children and unauthorized users.
- Avoid using the stabilizer in conditions that may cause it to become damaged or compromised (e.g., extreme weather, excessive moisture).
- Be aware of your surroundings and ensure a safe environment when using your AR pistol with the stabilizer.

## Specific Safety Precautions for Use

- Always follow the manufacturer's guidelines for installation and usage to avoid accidents.
- Ensure that the stabilizer is securely locked in place before use to prevent it from shifting during operation.
- Use the stabilizer only as intended; do not modify or alter its design.
- Do not exceed the recommended weight limit for accessories attached to the stabilizer.
- Always wear appropriate safety gear, including eye protection, when using firearms.
- Keep your finger off the trigger until you are ready to fire.
- Be aware of potential recoil and ensure a firm grip on your AR pistol when firing.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the AR pistol is unloaded and safe before starting the installation process.
- Locate the buffer tube on your AR pistol.
- Slide the stabilizer onto the buffer tube, ensuring it fits securely.
- Use the large tapered set screw to lock the stabilizer in place at your desired position. Ensure it is tightened firmly to prevent movement.
- If applicable, attach the ambidextrous QD cups for sling mounting.

### 2. Usage:

- Adjust the stabilizer to your preferred position for optimal comfort and stability.
- When ready to fire, ensure you have a proper cheek weld against the stabilizer for improved accuracy.
- Maintain control of the AR pistol at all times, especially when firing.

## Disposal Instructions

- Dispose of the stabilizer in accordance with local regulations regarding plastic and metal waste.
- If the stabilizer is damaged beyond repair, contact your local waste management facility for proper disposal guidance.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding your Strike Industries AR Pistol Stabilizer, please refer to the EU contact point or the manufacturer's website for assistance.

## **Conclusion**

By following the safety guidelines and instructions provided in this manual, you can ensure a safe and enjoyable experience with your Strike Industries AR Pistol Stabilizer. Always prioritize safety and responsible usage when handling firearms and accessories. Thank you for your attention to these important safety measures.
