

308 AR ULTIMATE DUST COVER - STRIKE INDUSTRIES 308 AR ULTIMATE DUST COVER CAPSULE BLACK

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Covers](#)

The patent pending SI UDC 308 enables users to attach and detach the cover in 5 to 10 seconds with ease (stock dust cover will take more time to remove)! It is constructed of a high-density polymer making it more durable and functional than the traditional dust covers. The Ultimate Dust Cover features an adjustable detent set screw in order to compensate wear on the receiver and increase or decrease opening power (To adjust detent: use small flathead driver and depress the ball detent and adjust as necessary.). Choose multiple designs to customize your AR! NEW features of the Ultimate Dust Cover Enhanced Version include the added cut-out window on the rod for easy disassemble and that it has been made thinner than the original weighing in at only 0.4oz! Additionally, The "True Seal" Lip has been slightly modified to provide an even better seal than ever before!

Attributes

- Name: [STRIKE INDUSTRIES 308 AR ULTIMATE DUST COVER CAPSULE BLACK](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100037075
- Mfr. No.: SI-AR-UDC-E-308-03-BK

308 AR Ultimate Dust Cover Safety Instruction Guide

Introduction

Thank you for choosing the 308 AR Ultimate Dust Cover from Strike Industries. This product is designed to enhance the functionality and durability of your AR platform. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the dust cover for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or removing the dust cover.
- When adjusting the detent set screw, use a small flathead driver carefully to avoid injury.
- Do not apply excessive force when attaching or detaching the dust cover.
- Avoid exposure to extreme temperatures that could affect the integrity of the polymer material.
- If you notice any unusual wear or malfunction, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Installation of the Dust Cover:

- Ensure that the firearm is unloaded.
- Align the dust cover with the ejection port of the firearm.
- Press the dust cover into place until it clicks securely.
- Verify that the dust cover operates smoothly by opening and closing it.

2. Detent Adjustment:

- Using a small flathead driver, locate the detent set screw.
- Depress the ball detent and adjust the screw as necessary to increase or decrease opening power.
- Ensure that the detent is properly set before using the firearm.

3. Removal of the Dust Cover:

- Ensure that the firearm is unloaded.
- Press the dust cover release button and gently pull the dust cover away from the ejection port.
- Store the dust cover in a safe place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for plastic waste.
- Do not incinerate or expose the product to open flames, as it is made from polymer material that may release harmful substances when burned.

Contact Information for Further Support

For any questions or concerns regarding the 308 AR Ultimate Dust Cover, please refer to the contact information provided with your purchase. Ensure that you have your product details handy for a more efficient response.

Thank you for choosing Strike Industries. Your safety is our priority.
