Safety Instruction Guide for AR CRUSH WASHERS STRIKE INDUSTRIES AR15 .223/5.56 CRUSH WASHER BLACK

Introduction

Thank you for choosing the AR Crush Washers by Strike Industries. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that all components are compatible with your AR15 model.
- Always handle firearms and related components with care and follow all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the crush washers for wear and damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only the recommended tools for installation to avoid damaging the crush washers.
- Do not exceed the manufacturer's specifications for torque when installing muzzle devices.
- Ensure that the crush washers are properly seated to prevent gas leaks and ensure proper function.
- Avoid using damaged or worn crush washers as they may compromise safety and performance.
- Always wear appropriate safety gear, including eye protection, when working with firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components.
- Ensure your workspace is clean and free from distractions.

2. Installation Steps:

- Remove the existing muzzle device from your AR15, if applicable.
- Inspect the barrel and threads for any damage or debris.
- Place the new crush washer onto the muzzle device, ensuring it is oriented correctly.
- Thread the muzzle device onto the barrel, handtightening it first.
- Use a torque wrench to tighten the muzzle device according to the manufacturer's specifications.
- Inspect the installation to ensure the crush washer is properly seated.

3. PostInstallation Checks:

- Check for any visible gaps between the muzzle device and the barrel.
- Ensure that the muzzle device is securely attached and does not move when pulled.

Disposal Instructions

- Dispose of used or damaged crush washers in accordance with local regulations.
- Do not dispose of them in regular trash; consider recycling options if available.

- Always check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the manufacturer's contact details provided with your product packaging.
