

KING COMP WITH DUAL CHAMBER DESIGN TO REDUCED RECOIL - STRIKE INDUSTRIES 308/7.62 KING COMP 5/8-24 BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

The Strike Industries King-Comp features a large dual chamber design, which was engineered to reduce felt recoil and help reduce the side concussion with the specifically angled gas ports. The King-Comp is a great alternative if you're looking for a cross between a compensator and a muzzle brake or effective "combo" muzzle device.

Safety Instruction Guide for KING COMP with Dual Chamber Design

Introduction

Thank you for choosing the Strike Industries King Comp. This product is designed to enhance your shooting experience by reducing felt recoil and side concussion. To ensure safe and effective use of the King Comp, please read and follow this safety instruction guide.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure the King Comp is suitable for your firearm model before installation.
- Follow all local laws and regulations regarding firearm accessories.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the King Comp for any signs of damage or wear.
- Use only compatible ammunition to avoid malfunctions.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installation or adjustment of the King Comp.
- Wear appropriate eye and ear protection when shooting.
- Avoid using the King Comp in enclosed spaces without proper ventilation.
- Be aware of your surroundings when firing to prevent accidents.
- Do not exceed the recommended caliber specifications for the King Comp.
- If you experience unusual recoil or noise, stop using the product immediately and seek professional assistance.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure your firearm is unloaded and safe.
2. **Tools Required:** You will need a wrench compatible with 5/824 threads.
3. **Remove Existing Muzzle Device:** If applicable, remove any existing muzzle device from your firearm.
4. **Install King Comp:**
 - Align the King Comp with the muzzle threads.
 - Handtighten the King Comp onto the threads.
 - Use the wrench to secure the King Comp, ensuring it is snug but not overtightened.
5. **Final Check:** Verify that the King Comp is securely attached and correctly aligned.

Usage

- Always check that the King Comp is properly installed before shooting.
- Follow the manufacturer's guidelines for your specific firearm when using the King Comp.
- Monitor the performance of your firearm with the King Comp installed, paying attention to any changes in recoil or handling.

Disposal Instructions

- Dispose of the King Comp according to local regulations regarding firearm accessories.
- Do not discard in regular household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For additional support or inquiries regarding the King Comp, please refer to the manufacturer's website or customer service resources.

By following these guidelines, you can ensure a safe and enjoyable experience with your Strike Industries King Comp. Thank you for prioritizing safety and responsibility in your shooting activities.
