

# VENOM FLASH HIDER - STRIKE INDUSTRIES VENOM FLASH HIDER 223/556

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

Own one of the world's most effective flash hiders! The SI VENOM FH nearly eliminates 100% of your muzzle flash and quickly disperses the burning gases exploding from the barrel. This flash hider will significantly reduce muzzle flash to help preserve your night vision. No loss of low light/night vision means the potential to make faster follow up shots, as well as increased situational awareness. The four prongs on the end of the brake are designed to protect the muzzle crown and give this flash hider a one of a kind custom look! The SI VENOM FH requires no modifications to the rifle for installation. Recommended torque is 15-20 ft-lbs. If you are interested in a blast shield be sure to check out our combination product page with the FF-CRD offering for this device!

# VENOM Flash Hider Safety Instruction Guide

## Introduction

Thank you for choosing the VENOM Flash Hider from Strike Industries. This product is designed to enhance your shooting experience by significantly reducing muzzle flash, thereby preserving your night vision and improving situational awareness. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the VENOM Flash Hider is installed on a compatible firearm, specifically the AR15.
- Always handle firearms with care and follow all safety protocols.
- Store the flash hider in a safe place when not in use to prevent unauthorized access.
- Regularly inspect the flash hider for any signs of damage or excessive wear.
- If you notice any issues, discontinue use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- This product is intended for use with firearms chambered in .223 or 5.56 caliber only.
- Do not modify the flash hider or use it in a manner not specified in the instructions.
- Ensure that the firearm is unloaded before installing or removing the flash hider.
- Use appropriate eye and ear protection when firing your firearm.
- Be aware of your surroundings and ensure a clear shooting area before firing.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing muzzle device if applicable.
- Clean the threads on the muzzle of the firearm to ensure proper fit.
- Align the VENOM Flash Hider with the threads on the muzzle.
- Handtighten the flash hider onto the muzzle until snug.
- Use a torque wrench to tighten the flash hider to a torque of 1520 ftlbs.
- Check that the flash hider is secure and properly aligned.

### 2. Usage

- Ensure that the flash hider is securely installed before firing.
- Fire the firearm in a safe and controlled environment.
- Monitor the performance of the flash hider during use. If you observe excessive flash or any unusual behavior, stop using the product and consult a qualified gunsmith.

## Disposal Instructions

- Dispose of the VENOM Flash Hider in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged or defective.
- Contact local waste management authorities for guidance on proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the VENOM Flash Hider, please reach out to the manufacturer or your

point of purchase. Ensure you have the product details ready for assistance.

## **Conclusion**

The VENOM Flash Hider is a reliable accessory that can enhance your shooting experience. By following the safety guidelines and instructions provided in this guide, you can ensure safe and effective use of the product. Always prioritize safety and compliance with local laws and regulations when handling firearms and accessories. Thank you for your purchase and enjoy your shooting experience!
