

# VENOM FLASH HIDER - STRIKE INDUSTRIES VENOM FLASH HIDER 308/7.62

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

Own one of the world's most effective flash hiders! The SI VENOM FH nearly eliminates 100% of your muzzle flash and quickly disperses the burning gases exploding from the barrel. This flash hider will significantly reduce muzzle flash to help preserve your night vision. No loss of low light/night vision means the potential to make faster follow up shots, as well as increased situational awareness. The four prongs on the end of the brake are designed to protect the muzzle crown and gives this flash hider a one of a kind custom look! The SI VENOM FH requires no modifications to the rifle for installation. Recommended torque is 15-20 ft-lbs. If you are interested in a blast shield be sure to check out our combination product page with the FF-CRD offering for this device!

# VENOM FLASH HIDER SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Strike Industries VENOM FLASH HIDER for your firearm. This product is designed to enhance your shooting experience by significantly reducing muzzle flash, thereby preserving your night vision and improving situational awareness. Please read this safety instruction guide carefully to ensure safe and effective use of the VENOM FLASH HIDER.

## General Safety Guidelines

To ensure the safe use of the VENOM FLASH HIDER, please follow these general safety guidelines:

- Always handle firearms with care and responsibility.
- Ensure that the firearm is unloaded before installing or removing the flash hider.
- Keep the flash hider and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the flash hider for damage or wear.
- Do not use the flash hider if it is damaged or shows signs of excessive wear.
- Always wear appropriate eye and ear protection when using firearms.
- Follow all local laws and regulations regarding the use of firearm accessories.

## Specific Safety Precautions for Use

When using the VENOM FLASH HIDER, it is important to adhere to the following safety precautions:

- Ensure that the flash hider is properly installed before use.
- Do not modify the flash hider or the firearm in any way that could compromise safety.
- Be aware of your surroundings and ensure a safe shooting environment.
- Avoid shooting in areas where the flash could cause a fire hazard.
- Always check for clearances to ensure safe shooting angles.

## Instructions for Installation and Usage

To install and use the VENOM FLASH HIDER safely, please follow these steps:

### 1. Installation:

- Ensure the firearm is unloaded.
- Remove the existing muzzle device, if applicable.
- Clean the muzzle threads to remove any debris.
- Align the threads of the VENOM FLASH HIDER with the muzzle threads of the firearm.
- Handtighten the flash hider onto the muzzle.
- Using a torque wrench, tighten the flash hider to the recommended torque of 1520 ftlbs.
- Ensure that the flash hider is secure and properly aligned.

### 2. Usage:

- Always check that the flash hider is securely attached before firing.
- Use the firearm in a safe and controlled environment.
- Monitor your surroundings for any potential hazards while shooting.

## **Disposal Instructions**

When disposing of the VENOM FLASH HIDER, please follow these guidelines:

- Do not dispose of the flash hider in regular household waste.
- Check local regulations for the proper disposal of metal components.
- If the flash hider is damaged, consider contacting the manufacturer for guidance on safe disposal.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please reach out to the manufacturer or authorized dealer. Ensure that you have the product information available for reference.

By following these guidelines, you can ensure the safe and effective use of the VENOM FLASH HIDER. Thank you for your attention to safety, and enjoy your enhanced shooting experience!
