

LINK ANGLED QD MOUNT - STRIKE INDUSTRIES LINK ANGLED QD MOUNT FDE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Compatible with both KeyMod and MLOK, our Link Angled QD mount offers a natural push and pull installation/removal alongside the rail at 30 degrees instead of driving the QD socket 90 degrees flat into the rail. Once installed, the Link Angled QD retains an unobtrusive angle while slung to avoid binding with other firearms accessories and support hand while in the firing position.

LINK ANGLED QD MOUNT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the LINK ANGLED QD MOUNT by STRIKE INDUSTRIES. This product is designed for compatibility with both KeyMod and MLOK systems, providing a secure and efficient mounting solution for your tactical needs. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the product is used only as intended. Misuse may result in injury or damage.
- Regularly inspect the mount for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the mount only with compatible accessories to avoid instability or malfunction.
- Do not exceed the recommended load limits for the mount.
- Ensure the mount is securely attached to the rail before use to prevent detachment during operation.
- Avoid using the mount in extreme conditions that may affect its performance, such as excessive heat or moisture.
- Always wear appropriate personal protective equipment (PPE) when handling firearms.

Instructions for Installation and Usage

Installation

1. Preparation:

- Ensure that the firearm is unloaded and safe to handle.
- Gather all necessary tools for installation.

2. Mounting:

- Align the LINK ANGLED QD MOUNT with the desired position on the rail.
- Slide the mount into the KeyMod or MLOK slots, ensuring it fits snugly.
- Rotate the QD socket to the 30degree angle for installation, avoiding the traditional 90degree flat positioning.

3. Securing:

- Tighten the mounting screws securely, ensuring the mount is stable and does not move.
- Doublecheck that the mount does not obstruct any other accessories or the operation of the firearm.

Usage

- To attach or detach accessories:
 - Press the QD button to release the mount from the rail.
 - Slide the mount off the rail, ensuring no force is applied that could damage the rail or mount.
- When slung, ensure the mount maintains an unobtrusive angle to prevent interference with other accessories or your support hand.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and mechanical waste.
- Do not dispose of the product in regular household waste.
- If unsure, contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the LINK ANGLED QD MOUNT, please refer to the manufacturer's contact information provided with your purchase. Ensure to keep the product manual for future reference.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
