

AR 308 FLAT WIRE SPRING - STRIKE INDUSTRIES AR 308 FLAT WIRE SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

The SI Flatwire Spring is an economical, and easy upgrade to any .308 AR system. The flatwire spring increases service life of the platform, smooths out the shooting cycle, and greatly outlasts the stock spring. Increased bolt load, in addition to decreased compressing force increases reliability in cycling. Additionally, all SI Flatwire springs are cryogenically cycled to provide greater consistency, longer spring life, and greater resilience to high cyclic rates. At a cost not much greater than stock carbine springs, the SI Flatwire is an easy option for those either looking to replace worn buffer springs or begin new builds.

Attributes

- Name: [STRIKE INDUSTRIES AR 308 FLAT WIRE SPRING](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100037226
- Mfr. No.: SI-AR10-FWS
- Weapon type: AR .308
- Delivery weight: 0.081kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 508mm
- UPC: 708747545791

Safety Instruction Guide for AR 308 Flat Wire Spring

Introduction

Thank you for choosing the AR 308 Flat Wire Spring by Strike Industries. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this guide carefully before use to maximize your safety and the performance of your firearm.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using the AR 308 Flat Wire Spring.
- Always follow the manufacturer's instructions for your firearm and accessories.
- Store the spring in a dry, secure place away from children and unauthorized users.
- Inspect the spring regularly for signs of wear or damage.
- Do not use the spring if it appears damaged or worn.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the AR 308 Flat Wire Spring with compatible .308 AR systems.
- Ensure that the firearm is unloaded before installing or handling the spring.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Do not modify the spring or use it in any manner not intended by the manufacturer.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding firearm usage and modifications.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure your firearm is unloaded and safe to handle.
- Gather necessary tools for installation, such as a punch tool and a hammer.

2. Remove the Old Spring:

- Disassemble the buffer tube and remove the old buffer spring.
- Inspect the buffer tube for any debris or damage.

3. Install the New Spring:

- Insert the AR 308 Flat Wire Spring into the buffer tube, ensuring it is seated properly.
- Reassemble the buffer tube, making sure all components are secured.

4. Final Check:

- Ensure that the spring is functioning correctly by cycling the action of the firearm.
- Check for any unusual noises or resistance during operation.

Usage Instructions

- After installation, test the firearm in a controlled environment to ensure proper functionality.
- Monitor the performance of the spring during use and make adjustments as necessary.
- Regularly clean and maintain your firearm and the spring to ensure longevity and performance.

Disposal Instructions

- Dispose of the AR 308 Flat Wire Spring in accordance with local regulations.
- Do not dispose of the spring in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or additional support regarding the AR 308 Flat Wire Spring, please reach out to your local dealer or the manufacturer directly. Ensure that you have your product details on hand for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety and the performance of your firearm are our top priorities.
