

GRIP PLUG TOOL FOR GLOCK® - STRIKE INDUSTRIES GRIP PLUG TOOL FOR GLOCK

[Handgun Parts](#) > [Grip Parts](#) > [Grip Plugs](#)

The Strike Industries' Grip Plug tool for Glock pistols is a field expedient toolkit that pulls double duty as a magazine ramp when installed. As reliable as Glocks are, we know that sh*t happens, and when it does, Strike Industries has the perfect paddle to get back down that proverbial creek. Featuring a stainless steel punch, with a reverse flathead to help with disassembly, and an oil reservoir, this handy tool has what you need to get your gun back up and running (replacement broken parts not included). When not needed, the Grip Plug Tool functions as a handy magazine ramp to help smooth out reloads and the low profile ensures it stays out of the way.

Safety Instruction Guide for GRIP PLUG TOOL FOR GLOCK®

Introduction

Thank you for choosing the Grip Plug Tool for Glock by Strike Industries. This tool is designed to enhance the functionality of your Glock pistol while ensuring safe and efficient use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the Grip Plug Tool is used only with Glock pistols.
- Keep the tool out of reach of children and unauthorized users.
- Always handle the tool with care to avoid injury.
- Inspect the tool before each use for any signs of damage or wear.
- Do not use the tool if it is damaged or malfunctioning.
- Follow all safety guidelines for handling firearms when using the Grip Plug Tool.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Before using the Grip Plug Tool, ensure that the firearm is unloaded and pointed in a safe direction.
- Use the stainless steel punch carefully to avoid injury; ensure your fingers are clear of the punch's path.
- When using the reverse flathead for disassembly, apply only the necessary force to prevent slipping.
- Be cautious when storing the Grip Plug Tool; store it in a secure location to prevent accidental access.
- Avoid using the tool for purposes other than its intended use as a grip plug and magazine ramp.

Instructions for Installation and Usage

Installation

1. Ensure your Glock pistol is unloaded.
2. Locate the grip plug area at the base of the pistol grip.
3. Align the Grip Plug Tool with the grip plug area.
4. Gently push the tool into place until it is securely fitted.
5. Verify that the tool is properly installed and does not obstruct any functions of the firearm.

Usage

1. To use the Grip Plug Tool as a magazine ramp:
 - Position the tool at the base of the magazine well.
 - Ensure it is securely in place to facilitate smooth reloads.
2. To use the stainless steel punch:
 - Carefully remove the punch from the tool.
 - Use it as needed for disassembly of your Glock pistol.
3. When finished, ensure the tool is removed and stored safely.

Disposal Instructions

- When the Grip Plug Tool is no longer needed or if it is damaged beyond repair, dispose of it responsibly.
- Follow local regulations for disposing of metal tools.
- Do not dispose of the tool in regular household waste.

Contact Information for Further Support

For any inquiries regarding the Grip Plug Tool or to report safety concerns, please refer to the EUbased contact information provided by the manufacturer or retailer.

By following these safety instructions, you can ensure a safer experience with your Grip Plug Tool for Glock. Always prioritize safety and responsible handling of your firearm and its accessories.
