

AR-15 CARBINE BUFFER - CMMG AR15 CARBINE BUFFER

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

A Carbine-Length Buffer That's Perfect for Any AR-15

Of all the AR-15 gas-system setups on the market, the carbine-length system is one of the most popular and widely seen. This is due to the fact that carbine-length gas systems were found on the military's M4 carbine models, and that fact translated over to commercial copies of the gun. This CMMG-made buffer is designed for use in carbine-length systems. Simply pair the carbine buffer with a compatible carbine-length spring, and you'll have a receiver extension designed to run reliably with your carbine-length gas system.

Attributes

- Name: [CMMG AR15 CARBINE BUFFER](#)
- Manufacturer: [CMMG](#)
- Product no.: 100037933
- Mfr. No.: 55CA977
- Weapon type: AR-15
- Delivery weight: 0.09kg
- Shipping height: 25mm
- Shipping width: 121mm
- Shipping length: 152mm
- UPC: 815835013497

Item details

Made in USA

US export classification: 0A501.x

Safety Instruction Guide for AR15 Carbine Buffer

Introduction

Thank you for choosing the CMMG AR15 Carbine Buffer. This guide provides important safety information and instructions to ensure the safe use and installation of this product. Please read all instructions carefully before use.

General Safety Guidelines

- Ensure that the buffer is compatible with your specific AR15 carbine length gas system.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Inspect the buffer for any damage or defects before installation.
- Keep the buffer and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not use the buffer with any gas system other than carbine length.
- Ensure that the carbine buffer is paired with a compatible carbine length spring.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Avoid using the buffer if you notice any signs of wear or damage.
- Do not modify the buffer in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction before beginning installation.
- Gather the necessary tools, including a compatible carbine length spring and a receiver extension.

2. Installation Steps

- Remove the existing buffer from the receiver extension, if applicable.
- Insert the CMMG carbine buffer into the receiver extension.
- Pair the buffer with a compatible carbine length spring, ensuring correct alignment.
- Reassemble the receiver extension and ensure that all components are securely in place.

3. Usage

- After installation, perform a function check to ensure that the buffer operates correctly with the gas system.
- Regularly inspect the buffer and spring for wear and replace as necessary.
- Follow all manufacturer guidelines for your specific AR15 model regarding maintenance and operation.

Disposal Instructions

- Dispose of any damaged or worn buffers in accordance with local regulations.
- Do not dispose of the buffer in regular household waste. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the CMMG AR15 Carbine Buffer, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety while using the CMMG AR15 Carbine Buffer. Your adherence to these guidelines helps ensure safe and reliable operation.
