Safety Instruction Guide for AR15 A2 Compensator 1/228

Introduction

Thank you for choosing the CMMG AR15 A2 Compensator 1/228. This product is designed to enhance the performance of your AR15 while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper installation, usage, and maintenance.

General Safety Guidelines

- Always handle the compensator with care, as it is a precision component.
- Ensure the firearm is unloaded before installing or adjusting the compensator.
- Use only in accordance with the manufacturer's instructions and local laws.
- Keep the compensator and firearm out of the reach of children and unauthorized users.
- Regularly inspect the compensator for wear or damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the compensator is properly threaded onto the muzzle to avoid loosening during firing.
- Use protective eyewear when shooting to guard against debris and gas blowback.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not exceed the recommended caliber or ammunition specifications for your firearm.
- Always follow safe firearm handling practices, including keeping the muzzle pointed in a safe direction.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Threading:** Align the compensator with the muzzle threads. Ensure the threads are clean and free of debris.
3. **Attachment:** Screw the compensator onto the muzzle with a clockwise motion. Handtighten until secure, but do not overtighten.
4. **Check Alignment:** Ensure the compensator is aligned properly and does not obstruct the sight line.

Usage

- Always check the compensator after installation to ensure it remains secure during use.
- Fire the firearm in a safe and controlled environment.
- Monitor the performance of the compensator during use. If you notice any unusual noise or vibration, cease use immediately and inspect the device.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- If the compensator is damaged or no longer usable, do not attempt to repair it. Instead, dispose of it responsibly to prevent misuse.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please consult with a qualified firearms

expert or contact the manufacturer directly.
