## An Enhanced Magazine Designed to Feed .458 SOCOM

The .458 SOCOM is a big-bore cartridge designed to function in standard AR-15 upper receivers complete with a standard bolt and magazine. However, in reality, users have found that components designed for use with 5.56 NATO rounds aren't set up for perfect performance with this large-bore cartridge, and so CMMG addressed the issue with its MkW-15 Magazine purpose-built for the .458 SOCOM. Each CMMG MkW-15 Magazine is based on the Lancer L5 Advanced Warfighter Magazine, which was the top choice for shooters of the .458 SOCOM. However, there was room for improvement, so CMMG engineers took the existing magazine design and modified the feed lips to better hold .458 SOCOM rounds without weakening the integrity of the design. Since, at its core, the CMMG-modified Lancer L5 magazine is still a 5.56 NATO mag, users can fit 30 rounds of 5.56 NATO into it, which will function fine. However, the magazine will also provide premium performance when loaded with 10 .458 SOCOM rounds. Due to the many state restrictions on magazine capacity we will not ship these magazines to individuals in the following restricted states: Hawaii, Maryland, Massachusetts, New Jersey, New York, California, Connecticut, Colorado, Washington D.C., Chicago/Aurora/Oak Park Illinois, South Bend Indiana.

## **Introduction**

Thank you for choosing the CMMG MkW15 Magazine .458 SOCOM. This magazine is designed for use with the .458 SOCOM cartridge in standard AR15 upper receivers. It is important to read and understand this safety instruction guide to ensure safe and effective use of the product.

## **General Safety Guidelines**

- Ensure that the magazine is compatible with your firearm before use.
- Always handle firearms and ammunition with care and respect.
- Keep firearms and ammunition out of reach of children and unauthorized users.
- Use only the specified cartridges (.458 SOCOM) in this magazine.
- Regularly inspect the magazine for any signs of damage or wear.
- Follow all local laws and regulations regarding magazine capacity and usage.

## **Specific Safety Precautions for Use**

- Always ensure that the firearm is pointed in a safe direction when loading or unloading the magazine.
- Do not attempt to modify the magazine in any way, as this may compromise safety and functionality.
- Be aware of the magazine's capacity and do not exceed the recommended number of rounds (10 .458 SOCOM rounds).
- If you experience any malfunctions while using the magazine, cease use immediately and consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Insert the magazine into the magazine well of the AR15 until it clicks into place.
- Verify that the magazine is securely attached by gently pulling on it.

### **2. Loading the Magazine:**

- Hold the magazine with the feed lips facing upward.
- Place .458 SOCOM cartridges into the magazine, ensuring they are oriented correctly.
- Press down on the top round until it clicks into place, and repeat until the magazine is loaded with a maximum of 10 rounds.

### **3. Using the Magazine:**

- Insert the loaded magazine into the firearm as described in the installation section.
- Ensure the firearm is ready for use according to the manufacturer's instructions.

### **4. Unloading the Magazine:**

- Point the firearm in a safe direction and remove the magazine by pressing the magazine release button.
- Remove any remaining rounds from the magazine by pressing the rounds out from the bottom.

## Disposal Instructions

- Dispose of the magazine in accordance with local regulations regarding firearm accessories.
- If the magazine is damaged or no longer functional, do not attempt to repair it. Instead, dispose of it safely and responsibly.
