

# AR-15 SUPER CONFIGURABLE SAFETY - GEISSELE AUTOMATICS

## AR-15 SUPER CONFIGURABLE SAFETY

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

### A User-Configurable AR-15 Safety Switch

If you're looking to build or upgrade your AR-15, it doesn't make sense to stick with one-size-fits-all components like the mil-spec safety selector. Why not configure this critical component into a setup that works for you? That's why Geissele developed its AR-15 Super Configurable Safety, which is compatible with a number of selector levers available in the Geissele store. With this Super Configurable Safety arrangement, users can easily swap out levers without having to do a full tear-down on their lower receiver, which makes it much more accessible and versatile than other selector levers on the market. Plus, the ambidextrous design of the lever makes it much more usable by both left- and right-handed shooters.

# AR15 Super Configurable Safety User Manual

## Introduction

Thank you for choosing the AR15 Super Configurable Safety by Geissele Automatics. This manual provides essential safety guidelines, installation instructions, and usage recommendations to ensure your experience with this product is safe and enjoyable.

## General Safety Guidelines

- Ensure the product is suitable for your specific AR15 model before installation.
- Always handle firearms with care and follow all safety protocols when working on or around firearms.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the safety selector for wear and tear; replace if necessary.
- If you experience any issues with the product, cease use immediately and consult a qualified technician.

## Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installation or adjustment of the safety selector.
- Be aware of the position of the safety selector at all times during use.
- Do not attempt to modify the safety selector beyond its intended design.
- Use only compatible selector levers available from the Geissele store.
- Do not use the safety selector if it appears damaged or malfunctioning.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your AR15 is unloaded and safe.
- Gather necessary tools: a screwdriver and any compatible selector levers.

### 2. Installation:

- Remove the existing safety selector by unscrewing it from the lower receiver.
- Align the new Geissele Super Configurable Safety with the safety selector hole on the lower receiver.
- Securely attach the safety selector using the provided screws, ensuring it is firmly in place.

### 3. Configuration:

- Choose your preferred selector lever from the Geissele store.
- To swap levers, simply remove the existing lever by unscrewing it and replace it with your new selection.
- Ensure the lever is securely fastened before use.

### 4. Usage:

- Familiarize yourself with the ambidextrous design to ensure ease of use for both left and righthanded shooters.
- Regularly check the positioning of the safety selector during use to ensure it functions correctly.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and firearm components.

- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries related to safety or product issues, please refer to the Geissele Automatics website or contact your local distributor. Ensure you have your product details handy for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of your AR15 Super Configurable Safety. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience!
