An Enhanced Trigger Guard That Gives You More Room

Having more room inside the trigger guard of your AR-15 is a must in any upgraded platform. Not only does an enhanced trigger guard give you a better-looking rifle than that ugly, mil-spec design, an enlarged trigger guard also ensures that your rifle can be used effectively in all weather conditions, since it provides clearance for gloved hands. The Geissele Super Duty Trigger Guard is purpose-built to allow room for gloves. Each Geissele Super Duty Trigger Guard is precision-machined at the company's facility in Pennsylvania and features rounded edges that won't snag or scratch your hands or other gear. Consumers can choose between black and DDC finishes to match their rifle.

AR15 Super Duty Trigger Guard Safety Instructions

Introduction

Thank you for choosing the Geissele Automatics AR15 Super Duty Trigger Guard. This product is designed to enhance the functionality and aesthetics of your AR15 rifle. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe handling, installation, and maintenance of your trigger guard.

General Safety Guidelines

- Ensure that the trigger guard is compatible with your specific AR15 model before installation.
- Always handle firearms with care and follow all safety protocols.
- Keep the trigger guard and the firearm out of reach of children and unauthorized users.
- Regularly inspect the trigger guard for any signs of damage or wear.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use gloves when handling the rifle in adverse weather conditions to prevent slipping.
- Avoid placing your fingers inside the trigger guard when the firearm is not in use.
- Ensure that the trigger guard is securely attached before operating the rifle.
- Be aware of your surroundings and ensure a clear shooting area when using your rifle.
- Familiarize yourself with the operation of your rifle and the trigger guard before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your AR15 is unloaded and the safety is engaged.
- Gather necessary tools for installation (e.g., screwdriver, wrench).

2. Installation:

- Remove the existing trigger guard by unscrewing it from the lower receiver.
- Align the Geissele Super Duty Trigger Guard with the mounting holes on the lower receiver.
- Securely fasten the trigger guard using the provided screws.
- Ensure that the trigger guard is firmly in place and does not move.

3. Usage:

- When using your rifle, ensure that your hands are dry and gloves are worn when necessary.
- Regularly check the trigger guard for security and integrity during use.
- Clean the trigger guard regularly to maintain its appearance and functionality.

Disposal Instructions

- Dispose of the trigger guard in accordance with local regulations and environmental guidelines.
- If the trigger guard is damaged or no longer in use, consider recycling materials where possible.
- Ensure that any components are disposed of safely to prevent harm to others.
