

AR-15 ST45 SHORT THROW AMBIDEXTROUS SAFETY SELECTORS - ARMASPEC ST45 SHORT THROW AMBIDEXTROUS SAFETY SELECTOR BLACK

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

A Short-Throw Safety Selector for Your AR-15

Designed differently than traditional AR-15 safety selectors, the Armaspec ST45 cuts the traditional 90-degree throw in half, giving users short, fast travel from fire to safe and back again. The selector is ambidextrous, allowing users to quickly change the status of their rifle using either hand, and the throw is designed to be smooth and seamless when traveling in either direction. Each Armaspec ST45 safety selector is machined with aluminum levers sandwiching a steel core. The levers are locked into place with Torx screws, and the key needed for installation is included. The company warns that these levers should not be used on AR lower receivers that do not have "FIRE" markings in the 45-degree position. For standard receivers, the AST90 short-throw safety lever is a better choice. The Armaspec ST45 safety selector is made in the USA and covered by the company's lifetime warranty. The selector will fit both AR-15 and AR .308 lower receivers.

AR15 ST45 Short Throw Ambidextrous Safety Selector User Manual

Introduction

Thank you for choosing the AR15 ST45 Short Throw Ambidextrous Safety Selector by Armaspec. This product is designed to enhance the safety and functionality of your firearm while ensuring ease of use for all users. Please read this manual carefully to understand how to use and care for your safety selector.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Before using the safety selector, ensure that the firearm is unloaded.
- Be aware of your surroundings and ensure that no one is in the line of fire.
- Use the safety selector only on AR15 and AR .308 lower receivers that have "FIRE" markings in the 45degree position.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- The Armaspec ST45 safety selector is ambidextrous; practice using it with both hands to become familiar with its operation.
- Ensure that the selector is fully engaged in the "SAFE" or "FIRE" position before handling the firearm.
- Do not force the selector to move if it feels stuck; inspect for obstructions or damage.
- Avoid using the safety selector if you notice any signs of wear or damage.
- This product is not suitable for children. Keep out of reach of minors.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Necessary Tools:** Ensure you have a Torx screwdriver (included) for installation.
2. **Remove Existing Selector:** If replacing an existing safety selector, remove it from the lower receiver by following the manufacturer's instructions.
3. **Position the ST45 Selector:** Align the Armaspec ST45 safety selector with the lower receiver.
4. **Secure the Selector:** Use the Torx screws to securely fasten the aluminum levers around the steel core. Ensure they are tightened adequately.
5. **Test the Selector:** Move the selector through its range of motion to ensure it operates smoothly and engages correctly in both "SAFE" and "FIRE" positions.

Usage Instructions

- To switch from "SAFE" to "FIRE":
 1. Grip the selector lever with your preferred hand.
 2. Move the lever smoothly from the "SAFE" position to the "FIRE" position.
- To switch from "FIRE" to "SAFE":
 1. Grip the selector lever with your preferred hand.
 2. Move the lever smoothly from the "FIRE" position to the "SAFE" position.
- Practice using the selector in a safe environment to become proficient.

Disposal Instructions

- Dispose of the Armaspec ST45 safety selector responsibly.
- If the product is damaged or no longer in use, contact your local waste management authority for proper disposal methods.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding the AR15 ST45 Short Throw Ambidextrous Safety Selector, please reach out to the manufacturer's customer support. Ensure you have your product details handy for efficient assistance.

Thank you for prioritizing safety and responsible firearm handling. Enjoy your enhanced shooting experience with the Armaspec ST45 safety selector.
