

SLIDE COMPLETION KIT FOR GLOCK® 17/19 - RIVAL ARMS SLIDE COMPLETION KIT FOR GLOCK® 17/19

[Home](#)

The devil is in the details. A great slide is the foundation of your build, but it is important to finish that slide with high quality components designed to provide accuracy and consistency. Instead of sourcing every part individually, the slide completion kit includes every part needed to assemble the internal workings of your slide—all designed to work together. After completing the slide, just add a barrel, guide rod, and a completed lower, then pack your bag for the range. Fits: Glock Gen 3 & 4 only

SLIDE COMPLETION KIT FOR GLOCK® 17/19

Safety Instruction Guide

Introduction

Thank you for choosing the Slide Completion Kit for Glock® 17/19 by Rival Arms. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as outlined in this guide.
- Keep the product out of reach of children and unauthorized users.
- Always check for recalls and safety updates related to this product on the EU Safety Gate platform.
- If you encounter any unsafe products or accidents, report them to the relevant authorities.
- For any safety inquiries, contact the designated EU contact point.

Specific Safety Precautions for Use

- Only use this kit with Glock Gen 3 and 4 models.
- Verify that all components are present and in good condition before assembly.
- Avoid using damaged or worn parts, as they may compromise safety and performance.
- Use protective eyewear when handling or assembling the slide components.
- Ensure that the firearm is unloaded and pointed in a safe direction during assembly and installation.
- Follow all local laws and regulations regarding firearm assembly and usage.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components from the Slide Completion Kit.
- Ensure your workspace is clean and free from distractions.

2. Assembly Steps

- Carefully read the assembly instructions provided with the kit.
- Assemble the internal workings of the slide using the components in the kit. Ensure all parts fit securely together.
- After completing the slide assembly, add a compatible barrel and guide rod.
- Attach the assembled slide onto a completed lower receiver.

3. Final Checks

- Inspect the assembled slide to ensure all components are properly installed and secure.
- Perform a function check to confirm that the slide operates correctly before using it at the range.

4. Usage

- Always follow safe firearm handling practices when using your Glock pistol.
- Regularly inspect the slide and components for wear or damage before each use.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away the product in regular household waste. Instead, use designated recycling or hazardous waste facilities if applicable.

Contact Information for Further Support

For any questions or concerns regarding the Slide Completion Kit for Glock® 17/19, please refer to the contact information provided in the product packaging or manual.

Thank you for prioritizing safety and compliance while using your Slide Completion Kit. Enjoy your shooting experience responsibly.
