A Mount Designed to Attach Harris Swivel Bipods to Forearm Rails

AMERICAN DEFENSE MANUFACTURING HARRIS SWIVEL PICATINNY BIPOD MOUNT Adding a bipod enhances a rifle shooter's accuracy potential tremendously, as they're able to add a solid front rest for a more stable shooting position. For those looking to add the popular Harris-S Swivel bipod to their rifle system, the American Defense AD-BP-P2 Bipod Mount is a must-have. Machined from 6061-T6 aluminum, this American Defense Harris Swivel Bipod Mount features the their Auto Lock Lever system, which enables the mount to attach securely to any Picatinny rail, including out-of-spec rails, if needed. The system can be adjusted with just a finger and can be configured to lock at the front or rear of the rail. Each American Defense Harris Swivel Bipod Mount includes two different-size delrin sleeves, which accommodate both the Harris bipod and other popular swivel bipods on the market. However, the American Defense Manufacturing warns that this mount is not compatible with the Tac Lever, as the lever interferes with the mounted bipod.

HARRIS SWIVEL PICATINNY BIPOD MOUNT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the HARRIS SWIVEL PICATINNY BIPOD MOUNT by American Defense Manufacturing. This product is designed to improve your shooting accuracy by providing a stable front rest for your rifle. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always ensure that the bipod mount is securely attached to the Picatinny rail before use.
- Inspect the bipod and mount for any signs of damage or wear before each use.
- Do not exceed the weight limit specified by the bipod manufacturer.
- Keep the bipod mount out of reach of children and vulnerable individuals.
- Avoid using the bipod mount in extreme weather conditions that could affect its performance.
- Report any unsafe conditions or incidents associated with this product to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the bipod is compatible with the mount before installation.
- Do not use the bipod mount with the Tac Lever, as it may interfere with the bipod.
- Always follow the manufacturer's instructions for the specific bipod being used with the mount.
- When adjusting the mount, do so gently to avoid damaging the locking mechanism.
- Use the delrin sleeves provided to ensure a proper fit with your bipod.
- Avoid placing your hands or fingers near any moving parts during installation and adjustment.

Instructions for Installation and Usage

1. Installation:

- Begin by cleaning the Picatinny rail where the bipod mount will be attached.
- Select the appropriate delrin sleeve that fits your bipod.
- Align the bipod mount with the Picatinny rail and slide it into place.
- Engage the Auto Lock Lever system by pressing down until it clicks into position.
- Verify that the mount is securely attached by pulling gently on the bipod.

2. Usage:

- Position your rifle on the bipod and ensure it is stable before taking a shot.
- Adjust the angle of the bipod as needed to achieve the desired shooting position.
- Regularly check the tightness of the mount during prolonged use.

3. Maintenance:

- Clean the bipod mount and sleeves regularly to prevent dirt and debris buildup.
- Inspect the mount for any signs of wear or damage after each use.

Disposal Instructions

- Dispose of the bipod mount and any associated components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, take it to a designated recycling or disposal facility.
