

RECON-S NO OFFSET SCOPE MOUNT - AMERICAN DEFENSE MANUFACTURING 34MM 40 MOA SCOPE MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Rock-Solid Mounts With Quick-Detach System

Quick-release lever-lock system clamps solidly to flattop rail and will not work loose even under heavy recoil—the more force acting on the lever, the tighter it locks. Depress the release tab to swing the lever open, and the mount easily lifts off the rifle. Adjustable with a flat head screwdriver or even a coin for an ultra-secure, no-slip fit on almost any Picatinny or Weaver-style rail, including over- or under-sized commercial rails. Lever may be configured to lock to the front or the rear to suit the operator's preference. Large locking bar on the side of the mount engages the maximum amount of rail area, while the crossbolt and two integral locking lugs ensure rock-solid engagement of rail slots to prevent movement under recoil. Five heavy duty steel hex head screws (three on top, two on bottom) clamp the vertically split ring halves together. Cutouts in the ring sides and in the base reduce weight without sacrificing strength. Quick-Release Scope Mount one-piece base with dual-lever system provides the same solid mounting and fast removal and reattachment.

Attributes

- Name: [AMERICAN DEFENSE MANUFACTURING 34MM 40 MOA SCOPE MOUNT, BLACK](#)
- Manufacturer: [AMERICAN DEFENSE MANUFACTURING](#)
- Product no.: 100038663
- Mfr. No.: ADRECONS40MO

Safety Instruction Guide for RECONS NO OFFSET SCOPE MOUNT

Introduction

Thank you for choosing the RECONS NO OFFSET SCOPE MOUNT by American Defense Manufacturing. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective operation of your scope mount. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm before installation.
- Always handle firearms with care and follow all safety procedures.
- Inspect the scope mount regularly for any signs of wear or damage.
- Keep the scope mount and all related components out of reach of children and unauthorized users.
- If you experience any issues or concerns regarding the scope mount, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Use the scope mount only for its intended purpose. Do not modify or alter the scope mount in any way.
- Ensure that the leverlock system is fully engaged before using the firearm.
- Avoid overtightening the screws during installation, as this may cause damage to the mount or the firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.
- Always wear appropriate eye protection when shooting.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Use a flat head screwdriver or a coin to adjust the screws on the scope mount.
- Position the mount securely on the Picatinny or Weaverstyle rail.
- Tighten the screws evenly to ensure a secure fit without overtightening.
- Configure the lever to lock to the front or rear based on your preference.

2. Usage:

- To detach the scope mount, depress the release tab and swing the lever open.
- Lift the mount off the rifle carefully.
- Always check that the mount is securely attached before each use.
- Regularly inspect the mount for any signs of wear or damage.

Disposal Instructions

- Dispose of the scope mount in accordance with local regulations and guidelines.
- Do not dispose of the scope mount in regular household waste.
- Consider recycling any metal components where possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the RECONS NO OFFSET SCOPE MOUNT, please refer to your retailer or manufacturer's website for assistance.

Thank you for prioritizing safety and for being a responsible firearm owner. Enjoy your shooting experience with the RECONS NO OFFSET SCOPE MOUNT!
