A Drop-In Trigger-Enhancement Kit for Your FN 509

Having a better trigger in your go-to competition or duty pistol makes all the difference when it comes to putting rounds right where you want them. This Apex Tactical Action Enhancement Kit is designed for the FN 509 and comes with a curved trigger design while also enhancing other elements of the trigger press. Designed as a direct, drop-in replacement for the OEM trigger, trigger bar and sear, the Apex Tactical Action Enhancement Kit reduces trigger-pull weight down to about 5.5 pounds. Trigger travel distance is also reduced, as the kit cuts down on pre-travel and overtravel by 50 percent. The trigger pull itself is also improved, providing users with a smoother, easier press that finishes with a crisp break. This Apex Tactical Action Enhancement Kit ensures that all factory safety elements are maintained, and the kit fits the FN 509, 509 Midsize, 509 Tactical and the FN FNS-c.

FN 509 Curved Action Enhancement Trigger Kit

Safety Instructions

Introduction

Thank you for choosing the FN 509 Curved Action Enhancement Trigger Kit from Apex Tactical Specialties Inc. This product is designed to enhance the performance of your FN 509 pistol, improving trigger feel and accuracy. It is essential to follow these safety guidelines to ensure safe use and installation of the trigger kit.

General Safety Guidelines

- Ensure you are familiar with the operation of your FN 509 pistol before installing the trigger kit.
- Always treat your firearm as if it is loaded.
- Store your firearm and trigger kit in a secure location, away from children and unauthorized users.
- Regularly inspect your firearm and its components for wear and damage.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the FN 509 Curved Action Enhancement Trigger Kit with compatible models: FN 509, 509 Midsize, 509 Tactical, and FN FN5C.
- Do not attempt to modify the trigger kit or any other firearm components.
- Ensure that the firearm is unloaded before beginning installation or maintenance.
- Wear appropriate safety gear, including safety glasses, during installation.
- If you are unsure about any aspect of the installation or use of the trigger kit, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a punch tool, a small hammer, and a cleaning cloth.

2. Disassembly of the Firearm

- Remove the magazine and ensure the chamber is empty.
- Follow the manufacturer's instructions to disassemble the FN 509, focusing on removing the slide and the trigger assembly.

3. Installation of the Trigger Kit

- Carefully remove the OEM trigger, trigger bar, and sear from the firearm.
- Install the Apex Tactical Action Enhancement Kit components (curved trigger, trigger bar, and sear) in the reverse order of disassembly.
- Ensure all parts are seated correctly and securely.

4. Reassembly of the Firearm

- Reassemble the FN 509 according to the manufacturer's guidelines.
- Conduct a function check to ensure the trigger operates smoothly and safely.

5. Testing the Trigger

- With the firearm pointed in a safe direction, perform dry fire tests to familiarize yourself with the new trigger feel.
- If any issues arise, disassemble and inspect the installation or consult a qualified gunsmith.

Disposal Instructions

- Dispose of any old or unused components from the OEM trigger assembly in accordance with local regulations.
- Ensure that all parts are disposed of in a manner that prevents unauthorized access.

Contact Information for Further Support

For any questions or concerns regarding the FN 509 Curved Action Enhancement Trigger Kit, please consult the manufacturer's website or contact their customer support.

By following these safety instructions, you can ensure a safe and effective enhancement of your FN 509 pistol's performance. Always prioritize safety and compliance with local laws and regulations.
