Safety Instruction Guide for EMOJI SERIES 3 PATCHES

Introduction

Thank you for choosing the EMOJI SERIES 3 PATCHES from AR15.COM. This guide provides essential safety instructions to ensure the safe use of your patches. Please read this document carefully to understand the guidelines and precautions necessary for your safety and the safety of others.

General Safety Guidelines

- Ensure that the patches are used only as intended and not for any other purposes.
- Keep the patches out of reach of young children to avoid any potential choking hazards.
- Inspect the patches regularly for any signs of damage or wear. Do not use if damaged.
- If you notice any adverse reactions or allergies to the materials, discontinue use immediately and consult a medical professional.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Avoid exposing the patches to extreme temperatures or direct sunlight for extended periods, as this may cause fading or damage.
- Do not use the patches on items that may come into contact with food or beverages.
- Ensure that the patches are securely attached to clothing or gear to prevent them from falling off during use.
- If using the patches for decorative purposes, ensure they are placed in a safe location where they will not pose a risk of injury.

Instructions for Installation and Usage

- To attach the patches, follow these steps:
 1. Choose a clean, dry surface on your clothing or gear where you want to place the patch.
 2. If applicable, remove any backing from the patch to expose the adhesive.
 3. Firmly press the patch onto the desired area, ensuring it is secure.
 4. For additional security, you may sew the patch onto the fabric.
- Ensure that the patch is not placed over any seams or zippers that may interfere with its attachment.
- Regularly check the patches to ensure they remain securely attached and replace them if they show signs of wear or detachment.

Disposal Instructions

- When disposing of damaged or unwanted patches, follow local waste disposal regulations.
- Avoid burning the patches as this may release harmful substances into the environment.
- If the patches are made of fabric, consider recycling them if possible, or donate them if they are still in good condition.
