

# TORCH 3V/CR123 LIGHT BODY M-LOK - REPTILIA CORP M-LOK BODY LEFT SIDE, BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

The TORCH™ 3V/CR123 is a replacement body for SureFire® M300 Scout Light® bezels and tail caps. Machined from aircraft grade aluminum, the TORCH features a robust integral M-LOK® mount that is optimized to position the light as tight as possible under a PEQ15 or similar laser device. Available in Blk and flat dark earth milspec Type III hard anodized finish, the TORCH ships with OEM Magpul M-LOK hardware included. Visit [www.magpul.com/m-lok](http://www.magpul.com/m-lok) for additional installation tips and instructions.

# TORCH 3V/CR123 Light Body Safety Instruction Guide

## Introduction

Thank you for choosing the TORCH™ 3V/CR123 Light Body by REPTILIA CORP. This guide provides essential safety instructions and usage guidelines to ensure the safe operation of your flashlight mount. Please read this document carefully to maximize safety and performance.

## General Safety Guidelines

- Always handle the TORCH Light Body with care to prevent injury.
- Ensure that the product is used in accordance with the manufacturer's guidelines.
- Regularly inspect the product for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any unusual behavior or damage, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Do not expose the TORCH Light Body to extreme temperatures or harsh environments.
- Avoid using the product in wet or damp conditions to prevent electrical hazards.
- Ensure that the light is securely mounted to avoid accidental detachment during use.
- Do not modify or disassemble the TORCH Light Body, as this may compromise safety.
- Use only compatible accessories and components as specified by the manufacturer.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the mounting area is clean and free from debris.
- Align the TORCH Light Body with the MLOK mounting points on your device.
- Securely fasten using the included OEM Magpul MLOK hardware.
- Verify that the light is firmly attached and does not move when pulled.

### 2. Usage

- Activate the light according to the manufacturer's instructions.
- Avoid shining the light directly into anyone's eyes to prevent temporary blindness or injury.
- Use the light only for its intended purpose as a flashlight mount.
- If the light flickers or fails to operate, check the battery and connections before further use.

## Disposal Instructions

- Dispose of the TORCH Light Body in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- Remove batteries before disposal and recycle them according to local guidelines.

## Contact Information for Further Support

For any inquiries related to safety or product information, please refer to the manufacturer's website or contact their customer support.

By following these guidelines, you can ensure the safe and effective use of your TORCH 3V/CR123 Light Body.

Thank you for prioritizing safety!
