

XL SUPPRESSOR SIGHT SET FOR GLOCK® - AMERIGLO SUPPRESSOR SIGHTS FOR GLOCK® MOS SMALL FRAME

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

Extra tall sights designed to work with the Glock MOS system and the Leupold Delta Point Pro. Will also work with suppressors as well. Suppressor height sights allow for a proper sight picture when firing a suppressed Glock or when using an RMR or Delta Point Pro. The standard front sight features a serrated face, for an anti-glare sight picture. Machined steel construction. Matte black finish. Front sight is .500" tall. Rear sight is .600" tall.

Safety Instruction Guide for XL SUPPRESSOR SIGHT SET FOR GLOCK® AMERIGLO SUPPRESSOR SIGHTS FOR GLOCK® MOS SMALL FRAME

Introduction

Thank you for choosing the XL Suppressor Sight Set for Glock® by Ameriglo. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper handling and installation of your new sights.

General Safety Guidelines

- Ensure that the product is suitable for your specific Glock® model before installation.
- Always handle firearms with care and follow standard firearm safety practices.
- Keep the product and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of wear or damage before use.
- Store the firearm and accessories in a secure location when not in use.

Specific Safety Precautions for Use

- Use only with compatible Glock® models that support the MOS system.
- Be aware of the increased height of suppressor sights; ensure they do not obstruct your line of sight.
- Always confirm that the firearm is unloaded before installing or adjusting the sights.
- Use appropriate tools for installation to avoid damaging the sights or firearm.
- If you experience any difficulty during installation or use, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure your Glock® is unloaded and pointed in a safe direction.
- Gather necessary tools, including a sight tool and any other required equipment.

2. Removing the Existing Sights:

- Use a sight tool to carefully remove the current front and rear sights.
- Take care not to damage the slide during removal.

3. Installing the New Sights:

- Position the front sight into the designated slot on the slide.
- Secure the front sight using the appropriate tool, ensuring it is firmly in place.
- Position the rear sight in the rear slot and secure it similarly.
- Confirm that both sights are aligned correctly for optimal accuracy.

4. Final Checks:

- After installation, check that both sights are secure and properly aligned.
- Perform a function check of the firearm to ensure everything operates correctly.

5. Usage:

- When using the firearm with the new sights, maintain a proper grip and stance.

- Always be aware of your surroundings and practice safe shooting habits.

Disposal Instructions

- Dispose of any packaging materials responsibly in accordance with local regulations.
- If the sights are damaged beyond repair, dispose of them in a manner that prevents accidental injury or environmental harm.

Contact Information for Further Support

For any inquiries about the XL Suppressor Sight Set for Glock® or for assistance with installation and safety concerns, please reach out to the appropriate support channels. Ensure that you have your product details available for reference.

By following these guidelines, you contribute to a safer shooting experience for yourself and others. Always prioritize safety and compliance with relevant regulations while using your firearm and accessories.
