

CZ 75 B DECOCKER ACTION ENHANCEMENT KIT - APEX TACTICAL SPECIALTIES INC CZ 75 B DECOCKER ACTION ENHANCEMENT KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Hammer Parts](#) > [Hammers](#)

An Action Enhancement Kit for Your CZ 75 B Pistol

One of the annoying elements of a DA/SA pistol like the popular CZ 75 is how large the difference is between a double-action and a single-action trigger pull. This makes it difficult for shooters to place first-round hits without a great degree of training and practice. The Apex Tactical Action Enhancement Kit is designed to reduce this difference for owners of CZ 75 B Decocker handguns. Each Apex Tactical CZ 75 B Action Enhancement Kit includes a hammer and sear that have matching engagement surfaces in order to provide a cleaner, more consistent trigger break while also eliminating stacking on the double-action trigger pull. Thanks to the matched surfaces, these critical parts require no stoning or final finishing on the part of the user. The other feature of this kit is that it reduces the difference between DA and SA trigger-pull weights to about 2 pounds. With the Carry Mainspring installed, the CZ 75 B Action Enhancement Kit provides a DA pull of 7 pounds and an SA pull of 5 pounds. With the Competition Mainspring, those trigger-pull weights drop to 6 pounds and 4.5 pounds, respectively. The Apex Tactical kit can be used on all CZ 75 B decocker models, including the SP-01 Phantom and the SP-01 Tactical. It cannot be used on thumb safety-equipped models or guns with the Omega trigger system.

CZ 75 B Decocker Action Enhancement Kit Safety Instructions

Introduction

Thank you for purchasing the CZ 75 B Decocker Action Enhancement Kit by Apex Tactical Specialties Inc. This kit is designed to enhance the performance of your CZ 75 B Decocker handgun by providing a smoother and more consistent trigger pull. It is important to read and understand this safety instruction guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Ensure that you are in a safe environment when handling firearms and related accessories.
- Store the enhancement kit and your firearm securely, out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure that no one is in your line of fire.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installation of the enhancement kit.
- Verify that the kit is compatible with your specific model of CZ 75 B Decocker.
- Do not attempt to modify the kit or any of its components beyond the provided instructions.
- If you are not familiar with firearm maintenance, seek help from a qualified gunsmith.
- Regularly inspect the enhancement kit and your firearm for signs of wear or damage.
- Use the kit only as intended and as described in the installation instructions.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary tools for installation, such as screwdrivers and any specific tools mentioned in the kit instructions.

2. Installation Steps

- Remove the slide and frame from the CZ 75 B Decocker according to the manufacturer's instructions.
- Carefully remove the existing hammer and sear from the firearm.
- Install the new hammer and sear from the Apex Tactical Action Enhancement Kit, ensuring that the engagement surfaces are properly aligned.
- Reassemble the firearm, ensuring all components are securely in place.

3. Testing

- After installation, conduct a function check to ensure the firearm operates correctly.
- Test the trigger pull in both doubleaction and singleaction modes to confirm the desired weight and feel.

4. Usage

- Practice regularly to become familiar with the enhanced trigger pull.
- Always follow safe firearm handling practices during use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If you need to dispose of the enhancement kit or any parts, contact your local waste management authority for guidance on safe disposal methods.

Contact Information for Further Support

- For safety inquiries or further support regarding the CZ 75 B Decocker Action Enhancement Kit, please refer to the manufacturer's website or customer service resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with your CZ 75 B Decocker Action Enhancement Kit. Remember to always prioritize safety and responsible firearm handling.
