At a glance: Mounts sight to the receiver, reducing the overall height  
Reversible for custom optic placement in both forward and rear mounting positions Unique sight mount design allows for use with many different optics  
Mount a variety of popular optics and sights to your SW22® Victory™ with the completely redesigned "Shadow" Mount V2.0! The updated "Shadow" Mount design mounts many optics straight to the SW22® receiver so they're closer to the bore axis - no need for a picatinny rail and clamp. Whether you're using a Vortex®, Trijicon®, Burris®, Holosun, C-More or other optic, the "Shadow" Mount V2.0 unique screw pattern will mount your sight to your SW22®. The mount is also reversible with most sights, allowing you to mount your sight closer to the front of your gun or closer to the back. This mount comes with all necessary hardware - including screws, dowel pins, and gaskets. Please use the compatibility chart below to learn more about use with a variety of optics as well as the hardware needed to mount each sight.

# Safety Instruction Guide for SHADOW Mount V2.0 for SW22™ Victory

## Introduction

Thank you for choosing the SHADOW Mount V2.0 for your SW22™ Victory. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before installation and usage.

## General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always handle your firearm and accessories with care and respect.
- Ensure that the firearm is unloaded before installing or adjusting any accessories.
- Familiarize yourself with the local laws and regulations regarding firearm accessories.
- Regularly inspect the mount and its components for signs of wear or damage.
- Store the mount and firearm in a secure location, away from children and unauthorized users.
- Report any unsafe products or accidents to local authorities.

## Specific Safety Precautions for Use

When using the SHADOW Mount V2.0, please take note of the following safety precautions:

- Ensure that the mount is compatible with your specific model of SW22™ Victory.
- Do not exceed the manufacturer's recommended weight limit for optics mounted on the SHADOW Mount.
- Avoid using damaged or worn components. Replace any defective parts immediately.
- Be cautious of the mounting screws; ensure they are tightened securely to prevent accidents.
- When adjusting the mount, do not apply excessive force that may damage the mount or firearm.
- Always use appropriate eye and ear protection when shooting.

## Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the SHADOW Mount V2.0:

### 1. Preparation:

- Gather all necessary tools and components: SHADOW Mount V2.0, screws, dowel pins, gaskets, and a suitable screwdriver.
- Ensure your firearm is unloaded and in a safe condition.

### 2. Installation:

- Locate the receiver on your SW22™ Victory.
- Align the SHADOW Mount with the receiver, ensuring that the screw holes match.
- Insert dowel pins into the designated holes for stability.
- Secure the mount by inserting screws into the screw holes and tightening them until snug. Do not overtighten.
- If desired, reverse the mount for alternative optic placement.

### 3. Optic Attachment:

- Select your desired optic and ensure it is compatible with the SHADOW Mount.
- Follow the manufacturer's instructions for attaching the optic to the mount.

- Doublecheck that all screws are tightened and that the optic is securely mounted.

#### **4. Final Check:**

- Inspect the entire assembly to ensure that everything is secure and properly aligned.
- Conduct a function check to ensure the firearm operates correctly with the mounted optic.

## **Disposal Instructions**

When disposing of the SHADOW Mount V2.0 or its components, please follow these guidelines:

- Do not dispose of the mount in regular household waste.
- Check local regulations for the proper disposal of metal and electronic waste.
- Consider recycling the mount and its components to minimize environmental impact.
