The PC Carbine™ is a fantastic gun out of the box, but even a good gun can be made great! The new "Victory" Trigger for Ruger® PC Carbine™ is the ultimate competition PC Carbine™ upgrade. Modeled after our signature TANDEMKROSS "Victory" Trigger product line, the new PC Carbine™ trigger features a textured, flat-faced design for better grip and control. The lightweight, skeletonized trigger design allows the shooter to pull straight back, making it easier to tell if you're pulling too far to the left or right. The trigger has very little pre-travel and is post-travel adjustable for a custom fit and function. The PCC trigger's flat-faced design allows the user to place their finger lower on the trigger face, improving leverage and lowering the feel of the trigger pull.
