At a glance: Prevents accidental magazine releases Improves speed and control of magazine changes Ergonomic, skeletonized design Includes two base pads per order.\* While the KelTec PMR30™, CMR30™ and CP33™ are popular for their lightweight design and high magazine capacity, many users struggle with accidental magazine release. The TANDEM CROSS "Maverick" Extended Magazine Bumper offers an oversized grip that protects the heel release button, putting a stop to accidental magazine release while improving the consistency of positive magazine changes. The ergonomic design fits the natural shape of the hand, ensuring a more comfortable and consistent magazine seating for all users. The extended magazine base pad is made of lightweight Zytel and features a skeletonized design to increase grip surface area with minimal added weight. Should the magazine get stuck, the skeletonized design offers the user a ring pull for easy pulling from the magazine well. This drop-in magazine shoe easily attaches to the bottom of the KelTec PMR30™, CMR30™ or CP33™, magazine using the factory-installed base pad attachment. It does not require glue or gunsmithing and can be easily installed by the user.

# MAVERICK Extended Magazine Bumper Safety Instruction Guide

## Introduction

Thank you for choosing the MAVERICK Extended Magazine Bumper for your KelTec PMR/CMR30. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these guidelines carefully.

## General Safety Guidelines

To ensure your safety and the proper functioning of the MAVERICK Extended Magazine Bumper, please adhere to the following guidelines:

- Always handle firearms and related accessories with care and respect.
- Ensure that the product is compatible with your specific firearm model: PMR30, CMR30, or CP33.
- Regularly inspect the bumper for any signs of wear or damage before use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

When using the MAVERICK Extended Magazine Bumper, please observe the following precautions:

- Ensure that the firearm is unloaded before installing or removing the magazine bumper.
- Do not modify the bumper or the magazine in any way that could compromise safety.
- Use the bumper only as intended, to prevent accidental magazine release.
- Be aware of your surroundings and ensure a safe environment when handling firearms.
- If you experience any issues with the bumper, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

To install and use the MAVERICK Extended Magazine Bumper correctly, follow these steps:

### 1. Installation

- Ensure that the firearm is unloaded.
- Remove the magazine from the firearm.
- Locate the factory-installed base pad on the magazine.
- Align the MAVERICK Extended Magazine Bumper with the base pad.
- Press down firmly until the bumper clicks into place.
- Confirm that the bumper is securely attached before proceeding.

### 2. Usage

- Grip the magazine firmly when inserting or removing it from the firearm.
- Use the oversized grip of the bumper to prevent accidental release during magazine changes.
- Practice safe handling techniques with your firearm at all times.

## Disposal Instructions

When it comes time to dispose of the MAVERICK Extended Magazine Bumper, please follow these guidelines:

- Dispose of the bumper according to local regulations regarding plastic waste.
- Do not incinerate or expose the bumper to extreme heat.
- If the bumper is damaged beyond use, consider recycling if applicable.
