[Rifle Parts](#) > [Bolt Parts](#) > [Firing Pin Parts](#) > [Firing Pins](#)

At a Glance: Titanium is 40% lighter than steel Helps reduce lock time for higher accuracy Non-corrosive and highly durable TANDEMKROSS LIFETIME guarantee The TANDEMKROSS "Fire Starter" Titanium firing pin for the Smith & Wesson® M&P® 15-22 is a drop in replacement for the factory firing pin. The titanium firing pin is lighter and moves faster than the heavier factory steel pin. This reduces lock time and allows the gun to fire faster, improving accuracy. The titanium firing pin is resistant to mushrooming and will provide consistent, positive primer strikes. The lighter weight of the firing pin will also result in less deformation of the casing, leading to better extractions. The stability of titanium makes it an ideal choice of material when operating in extreme heat or cold conditions.

User Manual for TANDEMKROSS "Fire Starter" Titanium Firing Pin for Smith & Wesson® M&P® 1522

Introduction

Thank you for choosing the TANDEMKROSS "Fire Starter" Titanium Firing Pin for your Smith & Wesson® M&P® 1522. This product is designed to enhance your firearm's performance by reducing lock time and improving accuracy. Please read this manual carefully to ensure safe and effective use of the firing pin.

General Safety Guidelines

To ensure your safety and the proper functioning of your product, please adhere to the following guidelines:

- Always handle firearms with care and in accordance with local laws and regulations.
- Use only compatible firearms as specified in this manual.
- Store the firing pin in a safe place away from children and unauthorized users.
- Regularly inspect the firing pin for signs of wear or damage.
- Do not attempt to modify or repair the firing pin yourself.

Specific Safety Precautions for Use

When using the TANDEMKROSS "Fire Starter" Titanium Firing Pin, please observe the following safety precautions:

- Ensure your firearm is unloaded before installation or maintenance.
- Wear appropriate protective gear, such as safety glasses and gloves, when handling the firing pin.
- Avoid touching the firing pin with bare hands to prevent oils or contaminants from affecting its performance.
- Do not use the firing pin if it shows signs of damage or deformation.
- Always follow the manufacturer's instructions for firearm operation.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the TANDEMKROSS "Fire Starter" Titanium Firing Pin:

1. Preparation:

- Ensure your Smith & Wesson® M&P® 1522 is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and a hammer.

2. Installation:

- Remove the factory firing pin by following these steps:
 - Disassemble your firearm according to the manufacturer's instructions.
 - Locate the firing pin assembly.
 - Use the punch tool to carefully drive out the retaining pin.
 - Remove the factory firing pin from the assembly.
- Install the TANDEMKROSS "Fire Starter" Titanium Firing Pin:
 - Insert the titanium firing pin into the assembly.
 - Reinsert the retaining pin, ensuring it is secure.
- Reassemble your firearm according to the manufacturer's instructions.

3. Usage:

- After installation, test the firearm in a safe environment to ensure proper function.
- Monitor the performance of the firing pin during use, paying attention to any unusual noises or malfunctions.

Disposal Instructions

When it comes time to dispose of the TANDEMKROSS "Fire Starter" Titanium Firing Pin, follow these guidelines:

- Do not dispose of the firing pin in regular household waste.
- Contact your local waste management facility for proper disposal methods.
- Ensure that the firing pin is rendered unusable before disposal to prevent misuse.

Contact Information for Further Support

For any inquiries regarding the TANDEMKROSS "Fire Starter" Titanium Firing Pin, please consult the manufacturer's website or customer support resources. It is essential to have access to accurate information and assistance when needed.

Conclusion

The TANDEMKROSS "Fire Starter" Titanium Firing Pin is designed to enhance the performance of your Smith & Wesson® M&P® 1522. By following the safety guidelines and instructions provided in this manual, you can ensure a safe and effective experience. Always prioritize safety and responsible handling of your firearm. Thank you for your purchase!
