A Practical, Durable Extractor for Your Classic 1911

Much has changed since the original 1911 design, and technology, manufacturing and steel quality has enabled manufacturers to develop components with durability that John Browning could never have imagined. One such component is the 1911 Practical Extractor from EGW. In comparison to original 1911 extractors, the EGW 1911 Practical Extractor features several improvements designed to improve functionality. This extractor is .025 inch shorter than the standard GI extractor, which prevents the extractor hook from constantly banging against the case, which causes it to lose tension and lead to jams. The extractor also features a radiused cut on both sides of the extractor hook, which increases strength, preventing a failure point. Finally, the EGW 1911 Practical Extractor is vacuum heat-treated, which preserves the springing property of the extractor and allows it to maintain tension for up to 70,000 rounds. Extractors are available for Series 70 and Series 80 guns and can be had in 9mm, 38 Super, .40-caliber and .45 ACP.

Attributes

- Name: [EGW 1911 PRACTICAL EXTRACTOR .45 ACP S80 BLUED](#)
- Manufacturer: [EGW](#)
- Product no.: 100039473
- Mfr. No.: 10353
- Caliber: 45 Caliber (.451-.454)
- Finish: Blued
- Weapon type: 1911
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 25mm
- UPC: 841370100811

Safety Instruction Guide for EGW 1911 Practical Extractor

Introduction

Thank you for choosing the EGW 1911 Practical Extractor. This guide provides essential safety instructions and usage information to ensure safe and effective operation of your extractor. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure the extractor is compatible with your firearm model (Series 70 or Series 80).
- Always handle firearms and their components with care to avoid accidents.
- Store the extractor and your firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the extractor for wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and components.

Specific Safety Precautions for Use

- Do not attempt to install or use the extractor if you are not familiar with firearm mechanics.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Ensure the firearm is unloaded before installing or replacing the extractor.
- Be cautious of the extractor's sharp edges during handling and installation.
- If you experience any malfunctions or issues, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the necessary tools for installation, including a punch tool and a hammer.
- Work in a clean, welllit area to avoid losing small parts.

2. Installation:

- Unload the firearm and remove the slide from the frame.
- Remove the existing extractor by driving out the retaining pin with a punch tool.
- Carefully replace it with the EGW 1911 Practical Extractor, ensuring it is properly seated.
- Reinsert the retaining pin to secure the extractor in place.

3. PostInstallation Check:

- Inspect the installation to ensure the extractor is aligned correctly and functions smoothly.
- Perform a function check by cycling the action without ammunition to ensure proper operation.

4. Usage:

- Regularly clean and maintain the extractor as part of your firearm maintenance routine.
- Monitor the extractor for signs of wear, such as cracks or deformation, and replace if necessary.

Disposal Instructions

- Dispose of the extractor in accordance with local regulations regarding metal and firearm components.
- Do not dispose of the extractor in regular household waste.

- Consider recycling the extractor or returning it to the manufacturer if applicable.

Contact Information for Further Support

- For any questions or concerns regarding the EGW 1911 Practical Extractor, please refer to the manufacturer's website or contact their customer support.

Conclusion

Following these safety guidelines and instructions will help ensure the safe and effective use of your EGW 1911 Practical Extractor. Always prioritize safety when handling firearms and their components. Thank you for your attention to these important safety measures.
