## A Practical, Durable Extractor for Your Classic 1911

Much has changed since the original 1911 design, and technology, manufacturing and steel quality has enabled manufacturers to develop components with durability that John Browning could never have imagined. One such component is the 1911 Practical Extractor from EGW. In comparison to original 1911 extractors, the EGW 1911 Practical Extractor features several improvements designed to improve functionality. This extractor is .025 inch shorter than the standard GI extractor, which prevents the extractor hook from constantly banging against the case, which causes it to lose tension and lead to jams. The extractor also features a radiused cut on both sides of the extractor hook, which increases strength, preventing a failure point. Finally, the EGW 1911 Practical Extractor is vacuum heat-treated, which preserves the springing property of the extractor and allows it to maintain tension for up to 70,000 rounds. Extractors are available for Series 70 and Series 80 guns and can be had in 9mm, 38 Super, .40-caliber and .45 ACP.

## Attributes

- Name: [EGW 1911 PRACTICAL EXTRACTOR 9/38/40 S70 SS](#)
- Manufacturer: [EGW](#)
- Product no.: 100039474
- Mfr. No.: 10350SS
- Caliber: 38 Super (.355-.356), 9 mm (.355-.356), 40 Caliber
- Finish: Stainless Steel
- Weapon type: 1911
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 25mm
- UPC: 841370111909

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for EGW 1911 Practical Extractor

## Introduction

Thank you for choosing the EGW 1911 Practical Extractor. This guide provides essential safety instructions and information to ensure the safe use, installation, and maintenance of your extractor. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure the extractor is compatible with your firearm model (Series 70 or Series 80).
- Always handle firearms and their components responsibly and in accordance with local laws and regulations.
- Store the extractor in a safe place, out of reach of children and unauthorized users.
- Inspect the extractor regularly for signs of wear or damage. If any issues are found, discontinue use immediately and consult a professional gunsmith.
- Do not attempt to modify the extractor or use it in a manner other than intended.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or handling the extractor.
- Wear appropriate eye protection when working with firearms and firearm components.
- Ensure that the extractor is installed correctly to avoid malfunctions or safety hazards. Refer to the installation instructions below.
- Avoid using the extractor with ammunition that exceeds the specified caliber limits.
- Be aware of your surroundings when using firearms to prevent accidents or injuries to yourself or others.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and hammer.

#### 2. Removing the Old Extractor:

- Use the punch tool to carefully drive out the old extractor pin.
- Remove the old extractor from the slide.

#### 3. Installing the New Extractor:

- Align the EGW 1911 Practical Extractor in the slide.
- Insert the extractor pin through the extractor and slide.
- Use the punch tool to secure the pin in place, ensuring it is flush with the slide.

#### 4. Final Check:

- Verify that the extractor is properly seated and functions smoothly.
- Perform a function check by cycling the action of the firearm without ammunition.

## **Usage Instructions**

- After installation, ensure the extractor is functioning correctly before live firing.
- Regularly clean and maintain the extractor and firearm to ensure optimal performance.
- Monitor the extractor's performance during use, and be alert for any signs of malfunction.

## **Disposal Instructions**

- Dispose of the extractor in accordance with local regulations.
- Do not discard in regular household waste.
- If the extractor is damaged or no longer usable, consider recycling it at a metal recycling facility.

## **Contact Information for Further Support**

For any questions or concerns regarding the EGW 1911 Practical Extractor, please contact your local authorized dealer or a professional gunsmith. They can provide assistance and guidance related to safety, installation, and maintenance.

Thank you for choosing the EGW 1911 Practical Extractor. Your safety is our priority.
