

SNIPER TRIPOD SLING - ARMAGEDDON GEAR SNIPER TRIPOD SLING COYOTE

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scope Accessories](#)

The Armageddon Gear Tripod Sling provides a comfortable way to carry your weapon or camera tripod while maintaining the ability to put the tripod into operation in seconds from the carried position. The Armageddon Gear Tripod Sling's proprietary flat-bungee webbing cushions your load and keeps the tripod held snugly, allowing your hands to be free for other tasks. The Armageddon Gear Tripod Sling features Velcro One-Wrap fastener loops that are lined with our incredible sticky material. This allows the Tripod Sling to hold securely to the legs of any tripod with foam-covered upper legs or to those tripods with bare legs like the popular Crux Ord and Really Right Stuff models.

Safety Instruction Guide for SNIPER TRIPOD SLING ARMAGEDDON GEAR

Introduction

Thank you for choosing the SNIPER TRIPOD SLING by Armageddon Gear. This guide provides important safety information and instructions to ensure the safe and effective use of your Tripod Sling. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the Tripod Sling is compatible with your tripod before use.
- Always inspect the Tripod Sling for wear and damage before each use. Do not use if damaged.
- Keep the Tripod Sling out of reach of children to prevent accidents.
- Use the Tripod Sling only as intended—carrying tripods or similar equipment.
- Avoid overloading the sling beyond its designed capacity.
- Be aware of your surroundings when using the Tripod Sling to prevent accidents.

Specific Safety Precautions for Use

- When adjusting or securing the Tripod Sling, ensure that all fasteners are secure.
- Avoid placing the Tripod Sling near heat sources or exposed to harsh weather conditions for extended periods.
- Do not use the Tripod Sling while operating a vehicle or engaging in activities that require full attention.
- If using the Tripod Sling in a crowded area, be mindful of others to avoid collisions or injuries.
- Ensure that the legs of the tripod are properly secured within the sling to prevent accidental release.

Instructions for Installation and Usage

1. Preparation:

- Ensure the Tripod Sling is free of dirt and debris before attaching it to your tripod.
- Choose a suitable location for use, ensuring there is enough space to maneuver safely.

2. Attaching the Tripod Sling:

- Locate the Velcro OneWrap fastener loops on the Tripod Sling.
- Wrap the fastener loops around the legs of your tripod, ensuring they are lined with the sticky material for secure attachment.
- Adjust the sling to fit snugly around the tripod legs, ensuring stability.

3. Carrying the Tripod Sling:

- Once attached, hold the sling securely and adjust the length to ensure comfort while carrying.
- Keep the tripod balanced to avoid tipping or falling during transport.

4. Deploying the Tripod:

- When ready to use the tripod, carefully detach the sling from the legs.
- Ensure the tripod is stable before placing any equipment on it.

5. Removing the Tripod Sling:

- After use, detach the sling from the tripod and store it in a dry, cool place.

- Check for any signs of wear and damage before the next use.

Disposal Instructions

- Dispose of the Tripod Sling responsibly. Do not throw it in regular household waste.
- Check local regulations for proper disposal methods for textile products.
- If the Tripod Sling is damaged beyond repair, consider recycling the materials if possible.

Contact Information for Further Support

For any inquiries regarding the safety or operation of your SNIPER TRIPOD SLING, please consult the Armageddon Gear customer support resources available on their website or product packaging.

By following these guidelines, you can ensure the safe and effective use of your SNIPER TRIPOD SLING. Thank you for your attention to safety.
