

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS - HAWKINS PRECISION 30MM 1.25" ULTRA LIGHT TACTICAL RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Ultra-light tactical scope rings from Hawkins Precision are made in the USA out of billet of 6061 T6 aluminum. These fully machined rings are robust and feature a corrosion-resistant black anodized finish. Machined with a clamp and recoil lug made from 7075 aluminum, these scope rings deliver extra strength and grip. The ultra-light design frees you from carrying unnecessary bulk. Hawkins Precision scope rings come standard with an anti-cant level cap and are available in 30mm and 34mm, sized in low, medium, and high. Hawkins Precision Torque Specifications Check the torque recommendations for your particular rifle scope before using these recommendations. Ring top screws: 25-in-lb. Base cross bolts: 65-in-lb.

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS by Hawkins Precision. These scope rings are designed to provide a secure and lightweight mounting solution for your rifle scope. This safety instruction guide is intended to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used according to the manufacturer's instructions to avoid accidents and injuries.
- Regularly inspect the scope rings for any signs of damage or wear before each use.
- Always use the scope rings with compatible scopes and firearms to prevent malfunction.
- Keep the product out of reach of children and vulnerable individuals to avoid accidental use or injury.
- Store the scope rings in a dry, cool place when not in use to maintain their integrity.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when installing the scope rings:
 - Ring top screws: 25inlb
 - Base cross bolts: 65inlb
- Ensure that the scope is properly aligned and securely mounted to avoid shifting during use.
- Be aware of your surroundings when using firearms equipped with the scope rings to ensure safety for yourself and others.
- If you experience any issues during installation or use, stop immediately and consult a qualified gunsmith or professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure the rifle and scope are clean and free of debris.

2. Installation:

- Place the scope rings on the rifle's scope base.
- Position the scope in the rings, ensuring it is level and at the desired height.
- Tighten the ring top screws to the recommended torque of 25inlb.
- Secure the base cross bolts with a torque of 65inlb.

3. Usage:

- After installation, check the alignment of the scope and make any necessary adjustments.
- Test the stability of the scope rings by gently shaking the rifle; there should be no movement.
- Always wear appropriate eye and ear protection when using firearms.

4. PostUsage:

- After use, inspect the scope rings for any signs of wear or damage.

- Clean the scope rings with a soft cloth to remove any moisture or debris.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal recycling.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider contacting a local recycling center for proper disposal options.

Contact Information for Further Support

For any questions or concerns regarding the ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS, please refer to the manufacturer's customer support resources. Ensure you have the product details available for any inquiries.

By following these safety instructions, you can ensure a safe and effective experience with your ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS. Thank you for your attention to safety and for choosing Hawkins Precision.
