

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS - HAWKINS PRECISION 34MM 1.00" ULTRA LIGHT TACTICAL RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Ultra-light tactical scope rings from Hawkins Precision are made in the USA out of billet of 6061 T6 aluminum. These fully machined rings are robust and feature a corrosion-resistant black anodized finish. Machined with a clamp and recoil lug made from 7075 aluminum, these scope rings deliver extra strength and grip. The ultra-light design frees you from carrying unnecessary bulk. Hawkins Precision scope rings come standard with an anti-cant level cap and are available in 30mm and 34mm, sized in low, medium, and high. Hawkins Precision Torque Specifications Check the torque recommendations for your particular rifle scope before using these recommendations. Ring top screws: 25-in-lb. Base cross bolts: 65-in-lb.

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS by Hawkins Precision. These scope rings are designed for durability and performance, ensuring a secure fit for your scope while minimizing weight. This guide provides essential safety instructions to ensure safe use and maintenance of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the scope rings are compatible with your rifle scope and firearm.
- Inspect the scope rings for any damage or defects before installation.
- Use the product only for its intended purpose; misuse may result in injury or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product experiences or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the torque specifications are adhered to during installation:
 - Ring top screws: 25inlb
 - Base cross bolts: 65inlb
- Do not exceed the recommended torque settings as this may lead to product failure.
- Avoid using the scope rings in extreme weather conditions that may affect performance.
- Regularly check the scope rings for signs of wear or corrosion, especially if exposed to moisture.
- If you notice any unusual movement or looseness in the scope rings during use, discontinue use immediately and inspect for damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench.
- Ensure your rifle is unloaded and pointed in a safe direction during installation.

2. Installation:

- Place the scope rings on the rifle's scope base.
- Align the rings with the scope tube, ensuring they are evenly spaced.
- Insert the base cross bolts into the appropriate holes and fingertighten them.
- Using the torque wrench, tighten the base cross bolts to 65inlb.
- Secure the ring top screws with the torque wrench to 25inlb.

3. Usage:

- After installation, check that the scope is properly aligned and securely mounted.
- Confirm that the anticant level cap is functioning correctly to ensure accurate shooting.
- Regularly verify that all screws and bolts are tight before each use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum waste.
- Ensure that any packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any inquiries or concerns regarding the ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS, please refer to the manufacturer's website or contact their customer service.

By following these safety instructions, you can ensure a safe and effective experience with your ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS. Thank you for your attention to safety and enjoy your shooting experience!
