

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS - HAWKINS PRECISION 34MM 1.25" ULTRA LIGHT TACTICAL RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Ultra-light tactical scope rings from Hawkins Precision are made in the USA out of billet of 6061 T6 aluminum. These fully machined rings are robust and feature a corrosion-resistant black anodized finish. Machined with a clamp and recoil lug made from 7075 aluminum, these scope rings deliver extra strength and grip. The ultra-light design frees you from carrying unnecessary bulk. Hawkins Precision scope rings come standard with an anti-cant level cap and are available in 30mm and 34mm, sized in low, medium, and high. Hawkins Precision Torque Specifications Check the torque recommendations for your particular rifle scope before using these recommendations. Ring top screws: 25-in-lb. Base cross bolts: 65-in-lb.

ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS

SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS by Hawkins Precision. This guide provides essential safety instructions to ensure the safe use and installation of your scope rings. Please read this guide carefully before using the product to ensure your safety and the proper functioning of your equipment.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always check for any visible damage before installation. Do not use damaged products.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of tactical equipment.
- Regularly inspect the scope rings for wear or damage, particularly after heavy use.

Specific Safety Precautions for Use

- Verify compatibility with your rifle scope before installation.
- Use the recommended torque specifications when tightening screws and bolts:
 - Ring top screws: 25inlb
 - Base cross bolts: 65inlb
- Avoid overtightening, which can lead to damage.
- Ensure that the scope rings are securely mounted before using the rifle.
- Be aware of the weight of your scope and ensure that the combined weight is manageable for your setup.
- Use caution when handling the product, as sharp edges may be present.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure that the work area is clean and free from distractions.

2. Installation Steps

- Place the scope rings on the appropriate mounting base.
- Align the scope tube within the rings, ensuring it is level.
- Insert the ring top screws and base cross bolts into their respective holes.
- Using a torque wrench, tighten the ring top screws to 25inlb and the base cross bolts to 65inlb.
- Doublecheck that all screws are tightened securely.

3. Usage

- Regularly check the tightness of the screws during use, especially after significant recoil.
- If you notice any movement or looseness, stop using the rifle immediately and check the installation.

Disposal Instructions

- Dispose of the product according to local regulations regarding aluminum materials.
- Do not dispose of the product in general waste; recycle whenever possible.
- Ensure that any packaging materials are disposed of responsibly.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact resources. Always ensure that you have the latest information regarding your product.

By following these guidelines, you can ensure the safe use of your ULTRA LIGHT TACTICAL ALUMINUM SCOPE RINGS. Thank you for your attention to safety.
