

HEAVY TACTICAL SCOPE RING SETS - 34MM 1.00" SCOPE RINGS WITH PICATINNY RAIL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Hawkins Precision Heavy Tactical scope rings are the most robust rings you can buy for your precision rifle. They are made in the USA out of single billet 6061 aluminum and feature a six screw cap design for added reliability. The Heavy Tactical rings come standard with an offset anti-cant bubble level, top picatinny accessory rail, and a hard anodized finish. All heavy tactical scope rings come in 34mm diameter.

Heavy Tactical Scope Ring Sets Safety Instruction Guide

Introduction

Thank you for choosing the Hawkins Precision Heavy Tactical Scope Ring Sets. These scope rings are designed for use with precision rifles and are manufactured to ensure durability and reliability. This guide provides important safety instructions, installation guidelines, and contact information for further support. Please read this guide carefully to ensure safe and effective use of your product.

General Safety Guidelines

- Ensure that the scope rings are compatible with your rifle and scope before installation.
- Inspect the scope rings for any damage or defects before use.
- Always use the scope rings in accordance with the manufacturer's instructions.
- Keep the scope rings out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for accessories mounted on the picatinny rail.
- Ensure that the scope is properly secured in the rings to prevent movement during use.
- Avoid exposing the scope rings to extreme temperatures or harsh environmental conditions.
- Regularly check the tightness of the screws and the integrity of the scope rings to ensure they remain secure during use.
- If any parts of the scope rings are damaged, discontinue use immediately and replace them.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that your rifle is unloaded and in a safe condition before starting the installation.

2. Installation Steps:

- Remove any existing scope rings or mounts from your rifle.
- Position the picatinny rail on the rifle, ensuring it is securely attached.
- Place the scope rings on the picatinny rail, aligning them with the desired mounting position.
- Insert the screws into the scope rings and tighten them using a torque wrench to the manufacturer's recommended specifications.
- Carefully place your scope into the rings, ensuring it is level and properly aligned.
- Tighten the scope ring caps securely using the six screws provided.

3. Usage:

- Once installed, check the alignment of the scope and make any necessary adjustments.
- Regularly check the scope rings for tightness and stability during use.
- Use the offset anticant bubble level to ensure proper alignment while aiming.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the scope rings are no longer usable, take them to a recycling facility that accepts aluminum materials.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any questions or concerns regarding the use of the Hawkins Precision Heavy Tactical Scope Ring Sets, please reach out to the designated EU contact point provided with your purchase.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with confidence!
