

# **TORCH 3V/CR123 LIGHT BODY M-LOK - REPTILIA CORP M-LOK BODY RIGHT SIDE, TOBACCO**

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

The TORCH™ 3V/CR123 is a replacement body for SureFire® M300 Scout Light® bezels and tail caps. Machined from aircraft grade aluminum, the TORCH features a robust integral M-LOK® mount that is optimized to position the light as tight as possible under a PEQ15 or similar laser device. Available in Blk and flat dark earth milspec Type III hard anodized finish, the TORCH ships with OEM Magpul M-LOK hardware included. Visit [www.magpul.com/m-lok](http://www.magpul.com/m-lok) for additional installation tips and instructions.

# Safety Instruction Guide for TORCH 3V/CR123 Light Body

## Introduction

Thank you for choosing the TORCH™ 3V/CR123 Light Body by REPTILIA CORP. This product is designed to enhance your lighting capabilities while ensuring safe usage. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Follow all safety instructions provided in this guide.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls or safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the TORCH Light Body if it appears damaged or malfunctioning.
- Ensure that the light is securely mounted to prevent it from falling or becoming dislodged during use.
- Avoid exposure to extreme temperatures or moisture, which may affect the performance of the product.
- Always follow the manufacturer's instructions regarding the installation and usage of the light.
- Use only compatible batteries as specified by the manufacturer to prevent electrical hazards.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the mounting surface is clean and free of debris.
- Use the included OEM Magpul MLOK hardware to securely attach the TORCH Light Body to your chosen mounting location.
- Tighten all screws and fasteners to ensure stability, but avoid overtightening which may damage the product.

### 2. Usage

- Insert the appropriate 3V/CR123 battery into the light body according to the manufacturer's specifications.
- Turn the light on by using the designated switch or button.
- Adjust the position of the light as needed for optimal illumination under your laser device.
- After use, turn off the light to conserve battery life.

## Disposal Instructions

- Dispose of the TORCH Light Body and its components in accordance with your local regulations regarding electronic waste.
- Remove batteries before disposal and recycle them separately according to local guidelines.
- Do not throw the product in household waste; ensure it is disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the TORCH 3V/CR123 Light Body, please refer to the manufacturer's website or contact your local dealer. Ensure you have the product information ready for a smoother support experience.

Thank you for your attention to these safety guidelines. Enjoy your TORCH Light Body responsibly!
