# Safety Instruction Guide for TORCH™ 18650 Light Body

## Introduction

Thank you for purchasing the TORCH™ 18650 Light Body with Integral MLOK® Mount. This guide provides essential safety information and instructions for the proper use and maintenance of your product. Please read this guide carefully to ensure safe and effective operation.

## General Safety Guidelines

- Ensure that the TORCH™ 18650 Light Body is used in accordance with the manufacturer's instructions.
- Always inspect the product before use for any signs of damage or wear.
- Keep the product away from children and vulnerable individuals to prevent accidents.
- Do not use the product in conditions that may pose a risk to safety, such as extreme temperatures or wet environments.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Avoid direct contact with the light beam to prevent eye damage.
- Do not modify the TORCH™ 18650 Light Body in any way, as this may compromise safety and void the warranty.
- Use only compatible bezels and tail caps as specified by the manufacturer.
- Ensure that the MLOK® mount is securely fastened to prevent the light from detaching during use.
- Do not exceed the recommended power specifications to avoid overheating or damage to the light body.

## Instructions for Installation and Usage

### Installation

#### 1. Prepare the Mounting Surface:

- Ensure the MLOK® mounting surface is clean and free from debris.

#### 2. Attach the TORCH™ 18650 Light Body:

- Align the integral MLOK interface of the light body with the mounting slots.
- Slide the light body into position until it is securely seated.
- Use the provided hardware to tighten the mounting screws, ensuring a secure fit.

#### 3. Install the Battery:

- Unscrew the tail cap of the light body.
- Insert a compatible 18650 battery, ensuring the positive (+) and negative (-) terminals are correctly aligned.
- Replace the tail cap and ensure it is tightly secured.

### Usage

- To activate the light, press the tail switch as per the manufacturer's instructions.
- Adjust the aiming laser devices as needed for optimal performance.
- Monitor the battery level and replace the battery when it becomes low to ensure continued functionality.

## **Disposal Instructions**

- Dispose of the TORCH™ 18650 Light Body according to local regulations regarding electronic waste.
- Remove the battery before disposal and recycle it at designated battery recycling locations.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any inquiries or support regarding the TORCH™ 18650 Light Body, please contact the manufacturer directly through their official communication channels.

Thank you for choosing the TORCH™ 18650 Light Body. Your safety is our priority, and we appreciate your commitment to following these guidelines for a safe and enjoyable experience.
