# T1/T2 Fixed Red Dot Optic Mounts Safety Instruction Guide

## Introduction

Thank you for choosing the Midwest Industries T1/T2 Red Dot Optic Mount. This guide provides essential safety instructions, installation procedures, and maintenance tips to ensure safe and effective use of your optic mount. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Regularly inspect the optic mount for any signs of wear or damage before each use.
- Keep the optic mount out of reach of children and vulnerable individuals.
- In case of any malfunction or damage, discontinue use immediately and seek assistance.
- Always follow the manufacturer's recommendations for installation and usage.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper installation may lead to optic mount failure, which can cause injury or damage.
  - Ensure that all screws are tightened to the recommended torque specifications to prevent accidents.
- **Avoiding Hazards:**
  - Use only compatible red dot optics with the T2 Interface.
  - Do not exceed the specified torque of 40 inch lbs for the optic mount cross bolts.
  - Ensure that the installation is performed in a safe environment to avoid distractions and accidents.
- **Age Specific Warnings:**
  - This product is not intended for children. Ensure that it is used only by individuals who are familiar with firearm accessories.

## Instructions for Installation and Usage

### 1. Installation:

- Remove bolts from the MI optic mount.
- Install the desired red dot optic with the compatible T2 Interface.
- Ensure compatibility with the following optics:
  - Aimpoint T1/T2 red dots
  - Aimpoint T1 interface clones
  - H1/H2
  - Comp M5
  - Vortex Crossfire
  - Primary Arms SLx Advanced Micro Dot
  - Holosun HE403, HE503, HE515
  - Sig Sauer Romeo4, Romeo5
- Torque the optic screws to the manufacturer recommended specifications.
- Slide the MI optic mount onto the upper receiver.
- Torque the optic mount cross bolts to 40 inch lbs.

### 2. Usage:

- Regularly check the tightness of the screws and bolts during use.

- If any screws become stripped, do not attempt to use the optic mount until repaired.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and metal waste.
- Do not dispose of the product in regular household waste. Check for recycling programs in your area.

## Contact Information for Further Support

- For any inquiries regarding safety, installation, or product support, please contact the manufacturer directly through their official communication channels.

By following these guidelines, you can ensure the safe and effective use of your T1/T2 Fixed Red Dot Optic Mount. Thank you for your attention to these important safety instructions.
