

1911 DROP-IN TRIGGER UNIT - NIGHTHAWK CUSTOM 1911 DROP-IN TRIGGER UNIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

When looking to upgrade the performance of a 1911 pistol, a common improvement sought by shooters is a high-quality trigger job, with a crisp, clean break. Until now, a high-quality trigger job has never been in the realm of a "drop-in" upgrade. Nighthawk Custom has changed that with the introduction of their Drop-In Trigger System (DTS) for 1911 pistols. An all-in-one unit, the DTS replaces your existing hammer, hammer strut, sear, disconnecter, and sear spring. Your existing sear pin and hammer pin will be retained for use with the DTS, but no other parts are necessary for installation. With a steel housing securing the unit, the DTS features all Fully Machined™, stainless steel internal components. The traditional three-pronged sear spring is no longer necessary as the springs for the disconnecter and sear are built into the unit. A single-leg grip safety spring is included with the DTS to replace the existing sear spring. Never has a high-quality trigger job been this simple for 1911 shooters. The Drop-In Trigger System is designed for use in most 1911 models, and installation is simple enough that minimal gunsmithing skills are necessary. With a proper safety check and minor gunsmithing skills, our Drop-In Trigger System can give your current 1911 a high-quality trigger job in the time it takes for a routine cleaning of your pistol. Fits most quality in spec 1911's and 2011's Trigger pull: 3 3/4 - 4 lb (will vary based on your mainspring weight) 100 round break-in period

Attributes

- Name: [NIGHTHAWK CUSTOM 1911 DROP-IN TRIGGER UNIT](#)

Consumer Safety Instruction Guide for the 1911 DropIn Trigger Unit

Introduction

Thank you for choosing the Nighthawk Custom 1911 DropIn Trigger Unit. This guide provides essential safety instructions and information to ensure the safe installation and use of your product. Please read this manual carefully before proceeding with installation or use.

General Safety Guidelines

- **Product Safety:** This trigger unit is designed to enhance the performance of your 1911 pistol safely. Always follow the instructions provided in this guide to avoid risks associated with improper use.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be notified through standardized recall notices. Ensure you stay updated on any potential recalls.
- **Online Shopping:** If you purchased this product online, you are entitled to the same safety protections as if you purchased it in a physical store.
- **Special Consumer Focus:** This product is intended for use by adults. Keep away from children and vulnerable individuals to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Stay informed about product safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Always read and understand this manual before installation or use.
- **Check Compatibility:** Ensure that the DropIn Trigger Unit is compatible with your specific model of 1911 pistol.
- **Inspect Before Use:** Before installation, inspect the unit for any visible damage or defects. Do not use if damaged.
- **Proper Handling:** Always handle your firearm with care. Treat it as if it is loaded at all times.
- **Safety Checks:** Perform a safety check on your firearm after installation to ensure proper function before use.
- **Use Appropriate Tools:** Use only the recommended tools for installation to avoid damage to the trigger unit or firearm.
- **Follow Local Laws:** Ensure that you comply with all local laws and regulations regarding firearm modifications.

Instructions for Installation and Usage

1. Gather Tools and Materials: You will need the following:

- Screwdriver set
- Punch set
- Hammer
- Safety glasses

2. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the magazine and clear the chamber.

3. Remove Existing Components:

- Carefully remove the existing hammer, hammer strut, sear, disconnect, and sear spring using the appropriate tools.
- Retain the existing sear pin and hammer pin for use with the DropIn Trigger Unit.

4. Install the DropIn Trigger Unit:

- Position the DropIn Trigger Unit into the frame of your 1911 pistol.
- Align the existing sear pin and hammer pin with the corresponding holes in the trigger unit.
- Gently tap the pins into place using a hammer and punch.

5. Install the Grip Safety Spring:

- Replace the existing sear spring with the singleleg grip safety spring included with the DTS.

6. Final Checks:

- Ensure all components are securely in place.
- Perform a function check to ensure the trigger operates smoothly.

7. Safety Check:

- With the firearm still unloaded, conduct a safety check to ensure that the trigger and safety mechanisms are functioning correctly.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If you need to dispose of the DropIn Trigger Unit, check local laws regarding the disposal of firearm components.

Contact Information for Further Support

For any questions or concerns regarding the installation or use of the 1911 DropIn Trigger Unit, please consult your retailer or the manufacturer's customer service. Ensure you have your purchase information available for assistance.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the Nighthawk Custom 1911 DropIn Trigger Unit.
